To Whom It May Concern,

The picture I am enclosing reminded me so much of previous drawings and descriptions of Kings murderer, that I thought I might be of some help to you people.

The man in the picture I thought of before even reading the article was the man that everyone was looking for.

He may be a resident of the rooming house, but he sure fits the description.

Thank-You for your
time,

Mrs. Sharon J. Williams

LEFT is a Mexican police artist's re-creation of the physical features of Dr. Martin Luther King's suspected killer. The details for the description were supplied by the FBI which earlier in the week indicated the suspect had applied for a Mexican tourist card. Right is a newspaper artist's rendition of the man from a description supplied by a resident of the house where the shot was fired.
