At approximately 12:30 a.m., 4/19/68, Mrs. AVA SUDDUTH, 1088 College, telephonically advised that she wanted to bring two 14-year-old boys into the FBI Office as they had information of value she felt concerning captioned matter.

On 4/19/68 at approximately 1:00 a.m., Mrs. SUDDUTH appeared at the Memphis Office with MARVIN SUDDUTH, 1088 College, and REGINALD COHRAN, 1392 Chadwick Circle, both Negro males, age 14.

These two individuals advised that on Monday afternoon, 4/15/68, at approximately 2:30 p.m., they were in Riverside Park, Memphis, Tennessee, near the boat loading ramp for McKellar Lake, with a companion, same age, ANTHONY WRIGHT, who lives at an unknown address on Chadwick Circle. At this time WRIGHT's bicycle broke down and they were attempting to fix it. When this was going on, a man came up and asked them where a refreshment bar was located in the park. After they gave this man directions to the nearest refreshment stand, they engaged him in conversation. He advised that he had just gotten out of the Army and that he had been stationed in West Germany at Berlin. He further advised that he was just bumming around and was looking also for a place to go fishing. He also advised that he was not staying any place in particular. When they asked him how he was going to eat, he advised that he had a knife and he could catch wild game in the woods and clean it and eat it with this knife. He also had with him a white paper sack and from it he displayed pictures of the President and Vice President of the United States and also various pieces of Army literature concerning recruitment. He also had some magazines in this sack.

SUDDUTH advised that he saw the picture of GALT in the morning papers on 4/18/68, and at that time

thought it looked like the man he and his companion had seen in the park but said nothing about it. COHRAN advised that he did not see the picture of GALT until the evening of 4/18/68, and at that time contacted MARVIN and they agreed the man they saw in the picture was very similar to the man they had seen in the park.

They both advised that after the conversation with this man ended, he just walked off in a southerly direction. They observed no mode of transportation connected with this man. They described this individual they observed in Riverside Park as follows:
