Mr. Dede Kimball  
7314 Centenary Drive  
Dallas, Texas

Dear Mr. Kimball:

You are certainly a very courageous and forthright man. I notice you have no hesitancy about putting your name and address on the front of your letter to me, and, in view of the events in Dallas, I am sure it must have occurred to you that this might result in some consternation here and there.

I am interested to know if the F. B. I. has interrogated you before or after the assassination.

I also would be grateful if you would make every effort to investigate the connections and associations of this Mr. & Mrs. Paine, who looked up Oswald when they heard he was a defector to Russia, who are Unitarians and Quakers, and where Mrs. Paine got the job for Oswald in the Texas Book Depository. In view of the usual pinko or Redness of so many Unitarians and the fact that Mrs. Paine is a graduate of a super-liberal college, speaks Russian, and is wild about Soviets and Russians to the point of running around with such a louse as Oswald, I think there is an excellent possibility that she, or he, may be in on some aspect of this vile thing.

It is obvious the kids in our government are determined to turn this Communist terrorism into some kind of a weapon to beat all anti-Communists to death with. I think our survival depends on a factual and complete expose of the fact that Oswald is a typical product of the very real hatred and viciousness which pours 24 hours a day, year after year, out of the filthy Communist mills all over the world. I am sure the F. B. I. will develop all of these facts, but I am not so sure that Mr. Warren and his crumby gang will ever place the facts and the inevitable conclusions before the public. In fact, it is my belief that Warren was chosen specifically to avoid such development of the real facts. He has already committed himself at the funeral to the idea that the President was the victim of right-wing "hate"! If this is not prejudice--I have never heard of it.

I am grateful to you for your courage and dedication to our White  
Christian American Republic.

Stay cool, legal and keep the faith!

For race and nation!
