

Patriots wear mourning Nov. 20, 22

3 big liberal-socialists are coming to town, two of the Kennedy tribe on Nov. 22 and Producer Otto Preminger on Nov. 20.

Our 1-term president is bringing his current wife on a political tour on your tax money. Does he need her stack of hair to hide behind? Doesn't he trust that battalion of secret servicemen? No doubt he senses his presence will be an insult to all loyal Americans in Dallas. This little dictator debases the office of U.S. President lower than his predecessors. In fact, Gus Hall, top communist, says Kennedy must be reelected. After all, he's disarming the U.S. for the benefit of the UN police force, he forces integration and promotions of negroes--for their votes, he protects communists in Cuba, wangles wheat and other products to Red tyrannies, sanctions no federal center for Dallas, the moving of the VA office to Waco, the closing of Love Field, you name it. And watch the local Democrat-socialists hop to lick his boots on Nov. 22. Will he throw them a crumb--blessed by Lyndon and Ladybird? Sweet Jackie has her socialist activities too (for listing of JFK's first wife, see Blauvelt Genealogy); she promotes federal art centers at your expense, paints greeting cards for UNICEF--UN agency shoveling money into Red tyrannies, etc.

As for Preminger, his movies aid Reds. See Myron Fagan's "Documentations of Reds in Hollywood and TV."
