On 11/29/63, [REDACTED] Ks., advised SA W. HAROLD SKELLY that based on his experience in World War II with a .30 caliber rifle, he desired to suggest that after OSWALD obtained the .30 caliber rifle involved in this case, he (OSWALD) would have to practice with it for sighting and adjustment purposes; that inquiries might develop where he held such practice and thereby learn of possible associates of OSWALD, who could furnish helpful information. It is pointed out that [REDACTED] operates a so-called electrical service and repairs from his home, and due to sloven appearance of home, the intellect of [REDACTED] is questionable. Therefore, while the suggestion made by [REDACTED] may have merit, no specific lead is set out for Dallas Office, and this information is being made a matter of record by this communication.
