RE: ANONYMOUS SPANISH LETTER, POSTMARKED 12/3/63, MONTERREY, N. L.,  
(MEXICO)

This Spanish letter is attached, and a free translation of it is as follows:

"Office, Federal Police of Investigation, FBI.

"I am clairvoyant and 15 years of age and a student in the occult science. I discussed that Jack Ruby is the real assassin of President Kennedy and not Osvaldo (OSWALD) as the press says - in this crime there are two shooters and the two shot at the same time; while the said Ruby was shooting at the President, Osvaldo shot the governor. I am noting that the individual named Ruby is a very astute assassin. I saw his picture and noted that he ought many crimes and I discovered something more. This crime was financed by the Ambassador of Havana. The --- and the dead one received money from the Cuban Ambassador; and don't forget that the Cuban Ambassador and the beggar dog named Fidel Castro are the ones responsible for this crime. Castro is the demon, beware of him. This Cuban dog is thinking of ordering assassinated all the Chiefs of State -- -- and they will not permit the said Ruby to pass as innocent as the avenged killer of Osvaldo -- --. I am not signing the letter because I don't want any trouble."
