Mr. CECIL E. MUNN, 2101 Ward Parkway, Attorney, First National Bank Building, furnished the following information on 12/6/63:

MUNN was reared and attended schools through high school in Enid, Okla. At that time another student by name of CHARLES J. (BUSTER) VENTERS was in school with him. On Saturday night, 11/23/63, MUNN received a phone call from BUSTER VENTERS who said he was calling from Hollywood, Calif., at a pay station. MUNN heard money drop into the coin box. This was the first time MUNN had heard anything from VENTERS in twenty-eight years. He had a little trouble at first in re-calling VENTERS. VENTERS talked about the assassination of President JOHN F. KENNEDY. Stated it was terrible and he had a high regard for the President. VENTERS talked as if he was very angry and said CASTRO was behind this entire matter. VENTERS was hurt and said he would go over and help get CASTRO. He said would only take two men to get CASTRO and asked MUNN if he would go with him. MUNN talked to VENTERS a few minutes and told him to calm down. MUNN said he would get in touch

with VENTERS later and told VENTERS not to try to take any
matter like this in his own hands. MUNN advised VENTERS
to let proper authorities handle this matter. VENTERS gave
MUNN his address as 5744 Troost Ave., West Hollywood, Calif.

MUNN has never contacted VENTERS any further on
this matter and has not received any further calls from
VENTERS. MUNN does not intend to contact VENTERS, and he
feels VENTERS was either drinking or upset over the killing
of President JOHN F. KENNEDY.

This information being furnished to Los Angeles

in Dallas concerning this information.
