On Dec. 6, 1963 Dr. JACK FURMAN, Medical Arts Building, Fort Worth, Texas advised SA JOSEPH M. MYERS that one of the Western Union employees who is a patient of his might have some information concerning LEE HARVEY OSWALD getting a Western Union money order. Dr. FURMAN said that the man [redacted] Fort Worth telephone number [redacted] is afraid of losing his job if he furnishes the information. He added that [redacted] has been off 60 or 90 days on sick leave.

[redacted] advised on 12/6/63 that he is a Western Union messenger and also collects "hot checks" on the side. He stated that he has been off sick for a number of weeks but when the assassination of Pres. KENNEDY happened he recalled that he delivered a message to the Rotary Apts., 1501-1503 West 7th Street, Fort Worth, Texas and believes the message went to HARVEY OSWALD. He stated that this would have been on the weekend of July 20, 21 or July 27, 28, 1963. He stated that he did not know whether the message was a money order or a message from Western Union. He stated that if it were a Western Union message there would be no copy of it at the Western Union office in Fort Worth because the incoming messages are not kept. He stated that money order copies would be kept. He added that he wished that his name be kept in strictest of confidence because he could be fired if it were discovered that he gave out this information.
