Mrs. Marina Oswald I hope that you will forgive me, But I feel that there are many things that both you, and Your Mother-in-law Mrs. Oswald Lee's mother should know. He has a Wonderful Mother, Mr. Lee Oswald, Your husband was Murdered, Because of Negligence on the part of the Law, Enforcement Agencies, In your or his case, it happend to be the Dallas Police Department... For they Failed to Provide Safety to a Prisoner In (Thier) custody... Always remember that one point... especially when He Was Hand-diffed... Again here are some more Important things, that you Should and must Know, Right Now... and not next Year... First, That Lee, According to TV Reports as well as News Reports, Was seen Many times with Ruby-together, at Ruby's establishment in some Isolated out of the way corner, This was even confirmed by the Strip-teasers, Again, I have obser Lee's Mother on TV Interviews, an being a Psychologist, myself, I am in a Position to determine, Observe and Evaluate Facts about Persons, and I Don need a Couch or little Black book, commonly used by the ultra-modern, Psychiatrists, There is a Great big difference between a Psychologist, and a Psychiatrist, For when we compare a Psychiatrist to a Psychologist, it works out like this, That The Psychiatrist, Is Likeened to a Halper to a Water-boy on a Construction Job, Of which I will write you more later on, I cannot go into much details here now, as I would have to delay things that you should have and know (now) For to the Psycho, or headshrinker as he is called, To this Bird, anything that he does not find in his little Black book, To him it just dont exist... Can you imagine such a Stupid Ass is given the authority to determine what goes on in some Human Mind and brain that Excels his, Ha Ha Ha T is is ridicyles.... Lee's Mother is Well Balanced and Intellegent person, and as for what I saw of Your Husband Mr. Lee Oswald In several TV Interviews, I must Confirm, That he was First No Screw-ball, or Moron. He was a Highly Intellegent Person, Though I am a Native American Full-time Taxpaying Citizen, and I also know that I am not alone, I held then and I do now, Highest respect for the Man Lee, and his Cause, Truly Mankinds Liberator, though he might not have even know so. For reasons you will learn later on, and any of those TV interviews of his School mates or chums, showed much of them under pressure, By newsmen, By putting certain words into thier mouth contrary to thier own Views about Lee, For many of them who were Honest and also Intellegent at the same time, all Held Very high respects for Lee... But the interviewers wanted to convey sort of slant views to the American Viewers.... Hope that both you and Lee's mother will Understand what I mean, Lees Mother can explain what this Means, Just becau any Individual, whether he be Lee, Or Al Smith, for that matter might be secretive, or withdrawn, Does not indicate any mental Defect, On the Contrar its a Positive Fact, that such Persons are Deep and Serious thinkers, They a not the Avarage ruh of the mill, That has become recently stylish and Fashion in our present day ultra modern American Schools, Its so easy to go along with the flow down stream, Yelling, Screaming, Jumping, and what have you..... As a Psychologist I know Better, That (ALL) Truly Great Minds, and serious Thinkers and Persons whether they be Scientists, Inventors, Explorers, Do I and will not be with any Crowd. They are More serious deep thinkers and have be withdrawn from the Mad Wild Yelling of college and university Hazings, and what have you, That sort of stuff is only for Fools, Idiots, and Morons, There is far much more to these Matters, Another Silly Stupid Thing is, The called Lie-Detector, and the truth Serum Test.. No Lie-detector or truth serum can or is any Reliable test as to any human is telling the truth or lie either, This was soon Proven to be just that, It was allright when it was or, is used on some poor Individuals, But it was a Different story, When this Racket Back-Fired when these same things Lie-detectors and Trith Serum were used on The Romish men in Lace-Petticoats, Then all of sudden Both the Lie detector and Truth serum was proven as False No good and Un-reliable.. The real fact of it is that Both have always been un-reliable and still are. Another vthing You and Lee's Mother Must always remember, That Lee, Has Never been Proven Positively, That Lee Committed the Murder, Regardless of all the Clues Etc. Etc. This does NOT become Legal Evidence, (UNTIL) and only

And since Lee Never Reached the United States Courts. He can Never According to our Laws be considered a Criminal. Regardless, So these are Very Important Facts to Both of you. And explain these facts to your Own Lawyers. I have gone thru all matters revealed thru the Press and TV, and that's how it stands. I'd like to tell you much more, but will take much more time, and being Un-certain that this letter reaches your hands, I am unable to reveal more. Until I know positively that this letter has reached you, and that you will Confide in your Mother-in-law, Lee's Mother, Because I feel that there are some things mentioned in this letter that you may not fully Comprehend, as I would not want this Valuable Information and help for you to fall into Un-desirable hands.. I ask only one Favor, that you both read and study this letter very closely, and not reveal the nature of any of it to anyone no matter how friendly they might seem or play. after that you may destroy it....

and Now, Before I can send you more additional and valuable information, I ask only one thing, that you have Lee's Mother do, so that I can be sure that you received this letter, and Send on more to you. Failing to hear from you. I will be unable to pass on anything helpful to you... Have her I sert the following Add. in The PAWTUCKET TIMES Newspaper, in the Classified Columns, Under the Head title of Special Notices. In this way it will not attract General Public Attention. Here is what you have her insert in that Add. Received your Letter, Strictly Confidential, and give the Address To wher I can mail the next letter, to make positively sure and certain that it will reach you. Use only the following as your signature to appear in the Add. F I X The Pawtucket Time Happens to be a Newspaper that is Published in the Vicinity Of Providence, R.I. Though I reside in the State Of Mass. The Pawtucket Times Reaches me here.... So I'll be looking for your Approval. With Best Wishes to both of you.
