FROM : SA ROBERT P. GEMBERLING

SUBJECT: LEE HARVEY OSWALD, aka.,  
IS-R-CUBA

DATE: 2/18/64

On the morning of 2/17/64 WILLIAM GRIFFITH of the FBI Laboratory was telephonically contacted and requested to furnish the "Q" or "K" numbers for each item given an arbitrary number by the Laboratory, such as D- or J- in order to facilitate the Dallas Office locating where the FBI Laboratory report on such items was included in an investigative report. He stated that the Laboratory would do this and submit same to Dallas.

At the same time, Mr. GRIFFITH was advised that Dallas had noted that Exhibits No. J-8 and D-106 were identical and were both photographs of Laboratory item Q332, a manifest of the Transportes Frontera Bus Company covering the trip from Mexico City to Laredo, Texas on which OSWALD was a passenger.
