DATE: 2/19/64

FROM : KYLE G. CLARK, ASAC

SUBJECT: LEE HARVEY OSWALD, aka  
IS - R - CUBA

At 5 PM, this date, Assistant Director W. C. SULLIVAN was furnished a favorable account of the lengthy interview of MARINA OSWALD, which had just been completed. Upon completion of this account, Mr. SULLIVAN inquired if she had been asked about the NIXON affair. When advised that she had not, he stated this should be done immediately.

At that time, Mr. SULLIVAN was advised that OSWALD's attorney had stated that due to her fatigued condition, he requested that she not be interviewed any more until his return from Washington, D. C., Friday, the 21st. Mr. SULLIVAN requested that we contact the attorney to see if we could ask her this one question. SA HEITMAN immediately contacted Attorney WILLIAM A. MC KENZIE, who advised that he was definitely against any further interviews of MARINA at this time, as she is in very poor physical condition due to fatigue. He also stated in his opinion, it would be against the Bureau's best interests to attempt additional questioning at this time. He again reiterated his request that she not be interviewed until she had rested and he returned from Washington on Friday.

This info was telephonically furnished to Mr. SULLIVAN and he stated that it would be best to abide by the attorney's wishes.

Mr. SULLIVAN was advised that the interview of Attorney THORNE had been delayed until 4:30 PM, but was in progress at that time. He was also advised that ROBERT OSWALD and his wife had been interviewed and that info was in a teletype to the Bureau.

With respect to the interview of MARTIN, he was advised, and he agreed, that MARTIN would be interviewed this evening, after the interview of THORNE and review of MARINA's statement, if time permitted, prior to 10 PM. Mr. SULLIVAN said that MARTIN should not be interviewed after 10 PM; however, he should be interviewed early tomorrow morning. Mr. SULLIVAN also instructed that a teletype summary of the interview of MARINA must be submitted to the Bureau tonight.
