

This is to let you know

that all people do ~~not~~ think Dallas unable to give Rudy a fair trial or that its citizens are different from any other city. I believe that all non religious people there, a large number of churches and a great majority who attend.

There are many who believe this a fixed job to make leave on the Dallas program, convenient from many ways of slick operations and push was the point one to court cheap to shut out all.

I am just an ordinary citizen who notes, I pray Gods guidance over for you all who are trying to do a fair job & may he help you to do the things you need to.
