SUBJECT: LEE HARVEY OSWALD, aka
IS - R - CUBA

Section Chief W. A. BRANNIGAN telephonically advised 3:05 PM this date that the Bureau had forwarded by routing slip a copy of 30 groups of questions submitted by the Commission. He stated these questions dealt with Bureau policy, and would necessitate interviews of the Agents handling the OSWALD case, "SA HOSTY and ex SA FAIN, and it is possible there will be required additional affidavits."

Mr. BRANNIGAN stated some of these questions will be answered by the Bureau and some will be answered by other offices; therefore, Dallas should take no action regarding the questions until an airtel setting out specific instructions is furnished by the Bureau.

During the above call, Mr. BRANNIGAN inquired as to the status of the inquiry concerning the history books and the investigation involving the Love Field vicinity and the purchase of ammunition. This was the request submitted by the Bureau on 3/18/64 and then returned by the Bureau for additional investigation. Mr. BRANNIGAN was advised that the investigation was completed, the letterhead memoranda being correlated, and it would be furnished to the Bureau during the first part of next week.
