

UNITED STATES GOVERNMENT

Memorandum

FRIDAY

TO : FILE (100-10461)

DATE: 4/29/64

FROM : SAC SHANKLIN

SUBJECT: LEE HARVEY OSWALD, aka
IS - R - CUBA

Inspector LEO J. GAUTHIER called at 10:10 AM today and advised that he had talked to Mr. HOWARD WILLENS of the Commission yesterday, and WILLENS stated they are finished with the scale model of the Dallas Police Dept. basement and would like to have it sent back to Washington, D.C. He stated it should be addressed as follows:

Federal Bureau of Investigation
GAO Building, Sub Basement
5th and H Street, N.W.
Washington, D. C.

GAUTHIER instructed that Dallas let him know the bill of lading number and who will handle the shipment. He suggested that we have the same carrier who handled the shipping of this scale model from Washington to Dallas; to get a regular Government bill of lading and send it by regular carrier. It doesn't have to come by express. The employee handling the crating of the scale model must be sure that everything is in it.

I advised Mr. GAUTHIER that USA SANDERS was out of town for about two weeks, but that I would get in touch with TIMMINS, AUSA, or someone else in SANDERS' office, and arrange for the crating and shipping of the model to Washington.

Mr. GAUTHIER stated that the material which is being sent to Dallas is coming by Railway Express Agency, bill of lading #A 5703484, shipped on 4/28/64.

Mr. GAUTHIER mentioned that, "We had a meeting yesterday on some more matters with the Commission, so it is possible we may get down there again, but it won't have anything to do with us."
