At 9:55 AM, this date, Inspector LEO J. GAUTHIER telephonically advised that in connection with re-enactment of the assassination, it will be necessary that we obtain the elevation of the site where ABRAHAM ZAPFUDER stood when taking the movies of the assassination. Mr. GAUTHIER requested Mr. WEST, the surveyor conducting the previous work, be contacted to obtain this information and that the same be furnished to him telephonically today.

Inspector GAUTHIER also advised that he had received the plats made by Mr. WEST, along with his request that he be afforded prints of the plats, as he had not had sufficient time to reproduce them.

The Commission has been contacted regarding this request and they instructed that Mr. WEST should be informed that prints were not available at the present time; however, they will be made and furnished to him at a later date.

Inspector GAUTHIER also advised that with respect to the request for scheduled drawings of the first and third floors of the police building, it is his understanding that these drawings may not be available. He stated that if this is a fact, the Bureau should be advised today so that a crew could be sent to Dallas to obtain the desired drawings over Saturday and Sunday of this week.

Section Chief W. A. BRANIGAN telephonically advised, 10:05 AM,
