I am here on business (oil business) and was walking down Elm Street trying to get a cab and there wasn't any. I heard people talking saying "My God the President has been shot." Police cars were passing me coming down toward the triple underpass and I walked up among many other people and this building was surrounded by police officers with guns and we were all watching them. I moved on up to the building across the street from the building that was surrounded and I ask one of the girls if there was a telephone that I could use and she said "Yes, there is one on the third floor of the building where I work". I walked through a passage to the elevator they were all getting on (freight elevator) and I got off on the third floor with all the other people and there was a lady using the pay telephone and I ask her if I could use it when she hung up and she said it was out of order and I tried to use it but with no success. I ask her how I can get out of this building and she said that there is an exit right there and then she said wait a minute here is the elevator now. I got on the elevator and returned to the ground floor and the colored man who ran the elevator said you are a stranger in this building and I was not suppose to let you up and he ran outside to an officer and said to the officer that he had just taken me up and down in the elevator and the officer said for me to identify myself and I presented him with a credit card and he said well we have to check out everything and took me to his superior and said for me to wait and we will check it out. I was then taken to the Sheriff's office and interrogated.
