and will have a son soon.  
 You know what it was for me  
 to hear that you were planning to  
 come to this country. Will it take  
 any long to have everything settled  
 and? Can I do anything for you?  
 This summer I was to the Crimea.  
 The most exciting experience I had was  
 an underwater sport. I used to go  
 with an aquaplane this time I was  
 wonderful underwater.  
 I saw Diana and gave her  
 your regard. She is O.K. Still married  
 her friends go, always ask me about  
 your letter and give their regards to you.  
 So. All the best.

Dear Erik  
 It has been quite  
 a long time since I wrote to you  
 last. You know I've been able  
 buy these months (my exams are  
 everything I will write to you more  
 accurately now.  
 My career has been started  
 in a post graduate now and attend  
 the post graduate course at the  
 Ophthalmology Department at the  
 Medical Institute. My professor  
 is a brick He tells me what to read  
 as this is mostly English I mean at last.  
 I like your idea of sending books.  
 I think it's going to be a nice revision  
 that I shall need a scientific book out  
 to me. We have had a bad experience  
 with our writing so far. I'd like you  
 a book soon.  
 I hope Marina is O.K. now
