Re your letter in the Times-Herald of

Mrs. Wynne:

Communism is a growing idea, an expanding philosophy. It is spreading over the face of the earth. It is as useless to resist it as it would be to try to arrest the sunrise on the morrow. It is coming all along the line. The greatest movement in history.

It bears the scars of a thousand defeats but it grows stronger and more invincible than them all, and it will never lay down the weapon of its peace-loving crusade, never cease its holy war until its triumph is complete and sets the whole world free.

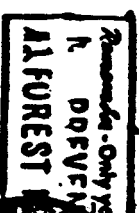

I might add that its about time the working people of our country took a good look at the rigged political setup which has all of us in a straight-jacket. It is a sad state of affairs when a country like ours has to go thru a national election in which the millions in organized and unorganized labor, the negro, the small farmer, the liberal and the socialist have no real candidate of their own and no party which truly speaks for them. In no other major capitalist country - France, England, Canada, Australia, Sweden, Norway, Italy etc - could such an election be held today without a labor-oriented party of sorts campaigning from tent to tent with labor candidates bidding for the people's vote. What aim to be could much longer! work
