worked some of which were compulsory  
and others which were not. Also in  
Russia through newspapers, radio and

organizer

on may 27 1963 I requested permission from the FCC headquarters at 399 Bowling new york 3, n.y. to try to form a local branch in new orleans. I received a cautionet but ultimately got ahead from V.T. Lee national director of FCC. I then wrote a report and had printed public literature for the setting up of a local FCC. I hired persons to distribute literature. I then organized persons who display receptive attitudes toward cable to distribute pamphlets. I sought responses from other members consists of which there are many here in new orleans, I infiltrated the cable student directors and then carried them with information I gained including having the nra city attorney general call them in a out a restraining order pending a hearing on some so-called bonds for invasion they were selling in the new orleans area. I caused the formation of a small, active, FCC organization of members and sympathizers where before there was none.
