On November 22, 1968, at approximately 11:15 AM, I was picked up at my office by Chief of Police Jesse Curry in his automobile and we proceeded to Love Field to swait the arrival of President John F. Kennedy. After arriving at Love Field, Chief Curry and I were joined by Mr. Forrest Sorrells, Special Agent in Charge of the Ballas Office of the U. S. Secret Service and Mr. Winston G. Lauson, a Special Agent of the U. S. Secret Service
White House Detaili

After the President's arrival, the Motorcade was formed with Motorcycle Escort first in Line followed directly by Chief Curry's automobile in which Chief Curry was driving, Mr. Lerson, riding in front right hand seat, Mr. Forrest Sorrells riding in rear right hand side of automobile and I was seated in the rear left hand side of ear. The Presidential automobile was directly behind us as we escorted the Motorcade on its route through Ballas. There had been no incidents during the entire route of the motorcade and we arrived at Elm Street at approximately 12:31 PM. Mr. Lewson had just looked at his watch, stating it was 12:31 PM and remarking that we would be approximately 5 minutes late in arriving at Market Hall.

0

As the Motorcade was proceeding down Elm Street, I distinctly remember hearing 2 shots. As I heard the first retort, I looked back over my shoulder end saw what appeared to me to be a spray of water come out of the rear seat of the President's car. At this same moment, Mr. Larson said, "Let's get out of here and get to the nearest hospital". When I heard the shots I noted motorcytle efficers coming off their cycles and running kep the embaniment on Dealey Plaza. At the same time, Chief Curry was on his intercon radio giving instructions to the motorcycle escort to move out- Code 3 to Parkland Hospital. We moved out immediately at which time I took the microphone and requested the DPD Dispatcher 521 to advise my Station 5- Radioroom to notify all officers in my department to immediately get over to the area where shooting occurred and saturate the area of the park, railroad and all buildings, also advising all deputies to return to the station and stand by for emergency assignment. This was being done as we were proceeding Code 3 out Stemmons Expressway and was approximately 14 to 2 minutes from the time the shooting occurred. He arrived within minutes at the Emergency entrance to Parkland Hospital where I got out of the car and stood at the side of the Presidential automobile while

on a stretcher carriage and taken into the emergency room. I waited until Governor Connally was also removed from the automobile and both Mrs. Kennedy and Mrs. Connally had also entered the hospital at which time I then went to an automobile belinging to the DPD, Howicide Division and requested them to return me to the scene of the shooting. I had seen Mr. Forrest Sorrells also get into another automobile which was also proceeding back towards the Gity, also proceeding Code 3.

Upon my arrival at the Texas School Book Depository Bldg,
I observed many officers of my department present and
I contacted Allan Sweatt, Chief Criminal Deputy of my
Department and Inspector Sawyer of the Dallas Police Department and they were getting witnesses together and
also informed me that the building was secured. I was
advised that Deputy Sheriff Luke Hooney had found empty
eartridges on the 6th facor of the building and that he
was standing by wifting the arrival of the Crime Search
Unit of the Dallas Police Department. Hr. Jimmy Kitching,
Chief of Identification Bureau of my department had also
arrived at the scene, however, I ordered him back to the
Sheriff's Department and advised that the Crime Search
Unit was enroute and we would hold secure any evidence

pending their arrival. Within a few moments the Crime Search Unit arrived and were permitted to enter the bailding.

At this time I was notified that another of my Deputies,
Eugene Boone had found the rifle on the 6th floor of
the building and I also advised him to stand by the
evidence until the Grime Search Unit was ready to take
ever.

Ik then sent Chief Criminal Deputy Allan Sweatt back to the Sheriff's Office to see that statements were teken from witnesses who had been sent to the office earlier by both Deputy Sweatt and Inspector Sawyer.

At approximately 1:30 PM, I received word on Inspector Seryer's car radio that a Dallas Police Officer had been shot on Jefferson Street in Oak Cliff and that the suspect was supposedly at large in the area on foot. I immediately got shold of officers who were present including Deputy Sheriff's, Dallas Police Department Officers and FBI officers who were at the scene, advising them of the shooting and dispatched them to Oak Cliff to assist in the search. At this time, Officer Sweatt also reported to me that he had already sent 4 detectives to Oak Cliff to assist in the search for the suspect who had killed the police officer.

0

After my first arrival at the Texas School Book Depository Building from Parkland Hospital, Captain Fritz of the DPD, Homicide Division arrived and he mad beent on up into the Texas School Book Depository Building, leaving a pair of his officers down stairs where they opened up their automobile and brought out rifles to assist them in securing the building. Shortly thereafter Captain Fifts came to my office where he contacted his department by telephone and advised me that the suspect, Lee Harvey Oswald had been apprehended in the Texas Theatre in Oak Cliff. Also he advised me that Oswald had been employed in the Texas School Book Depository.

After arriving at my office, Allan Sweatt advised me that when the first of the witnesses had been brought to my effice, that he had opened the Polygraph Room to be used Deputy Shariff for the interrogation of witnesses and that/Mrs. Rosemary Allen, and Mr. Wallace Meitman, FBI Agent were interviewing and taking statements from the witnesses who seemed to have the most valuable information. Upon the arrival at my office of Mr. Forrest Sorrells, I had Chief Criminal Deputy Allan Sweatt take Mr. Sorrells to this room where Mr. Wallace Heitman and Mrs. Rosemary Allan were interviewing witnesses and taking statments.

After the capture of Oswald in the Texas Theatre, Deputy Sheriff E.R. Welthers contacted me and I ordered him and Deputies Harry Weatherford and J.L.Oxford to go to a house located at 2515 West 5th Street in Irving, Texas, to meet there Detectives Rose and Adamcik of the DPD, Homicide Division, which they did.

After gaining permission from Mrs. Buth Payne and Mrs. Marina Oswald at this location, these officers searched the premises.

Mrs. Payne gave Deputy Walthers a telephone number where she said that Lee Oswald had been staying at, however, she stated she did not know the address. Officer Walthers them called me by public service giving me this information, whereupon I had Allam Sweatt, Chief Briminal Deputy and Deputy Clint Lewis attempt to locate this address both by Criss-Cross and also verifying same through telephone company. Mr. Sweatt reported to me that the address to this telephone number was 1026 North Beckley.

At this time I requested that David Johnston, Justice of the Peace, to issue a search warrant for the premises at this address, which he did and he personally delivered the search warrant to that location for officers to search the premises. Information was obtained at this address from the landlady to the effect that a man by the name of 0. N. Lee had been

aufe abritten inneben labenbat bisterbi den gatt innbitte bert take nithafte blindste blandit ibrentit bereitet at bereitet bereitet bei bereitet beitet beit

living at this location for a period of two weeks.

All copies of statements were turned over to me for correlation and dissimmanation and I saw that copies of all statements were given to the Secret Service, the F.B.I. and the Dallas Police Department.

These maintained the originals of all in my possession.

Officers of my department then started turning in supplemental reports to me as to their activities during and after the assassination. The 14 uniformed officers that had been assigned as security at the Market Hall were ordered returned to the station.

I remained in my office until approximately 9:30 PM, on Friday, Movember 22nd, remaining in contact with my office wis telephone from my home. I returned to my office, Saturday morning at approximately 6:30AM.

All during the day, Saturday, Movember 23rd, I remained in contact with the Dellas Police Department in the event they should have decided to move the prisoner, to the County Jail. Extra security provisions were made and special quarters prepared to receive the prisoner when the transfer would be made.

The taking of statements from witnessess was continued on Saturday.

نينيه

At approximately 3:30 PM, Saturday afternoon, I was advised from City Hall that the transfer of Oswald might take place.

At this time, it was noticeable that several hundreds of spectators were forming around the entrance to the County Jail and at this time, I notified the City of this action.

I then ordered special officers to the area and began roping off area to keep spectators away from the drive-in entrance to the County Jail.

Late in the afternoon, after hearing several times that Quevald was ready to be transferred, the Press and other Hews Hedia, Cameras, TV, etc., began converging on the Sheriff's Office and County Jail area, trying to make plans for the use of electrical equipment, cameras, etc.

I remained in my office until approximately 8:00 PM when

Jimmy Kosz , WHAP, Channel 5, notified me that it was on

TV that Oswald would be transferred to the County Jail at

10:00AM on Sunday morning, November 24th. I later confirmed

this with Gity Hall. I remained in my office Saturday might until approximately 9:30 PM, at which time, I ordered Allan Sweatt, Chief Grim. Deputy and other Detectives who were on fixenciamkening this special assignment and Hrs. Rosemary Allen, who had all been standing by in the event they were meeded, to go to their homes/

I arrived at my office early Sunday morning to re-check all security measures that had been provided for the transfer of Oswald.

For additional security, I had placed all members of the Press in a small room adjoining my private office and had the doors to this room secures so that none of the Press could get to the prisoner as he was being brought into the jail.

I together with special members of my department were outside the drive in entrance to the County Jail, swaiting the arrival of Oswald, when we received a "flash" on live TV which was on in my office, that shots had been fixed in the basement of the City Hall and that a riot was in progress.

At this time, the Press who had been secured in this room adjoining my office made effort to get out. I endered the doors released and the Press proceeded to get to City Hall at great speed. I later learned that it was Osweld who had been shot in City Hall and that Jack Ruby had been taken in custody for the shooting. I was later notified that Osweld had died in the emergency room at Parkland Hospital.

About five or ten minutes before the President came By f observed a truck from Honest Joe's Pawn Shop, and parked by the Book Depository Store. Then drove off about five or ten minutes before the President's car came by Just after the President's car passed, I heard three shots come from up toward Houston and Elm right by the Book Depository Building, and then immediately I heard two more shots come from the Arcade between the Book Store and the Underpass, and then three more shots came from the same direction only sounded further back. It sounded approximately like a \$5 automatic, or a high powered rifle. Then everybody started running up the hill. A man standing on the South side of Elm Street, was either hit in the foot, or the ankle and fell down. And then I went on back to work.

McCurley, Deputy Sheriff, Dallas County Sheriff's Office BETAILS OF OFFENSE, PROGRESS OF INVESTIGATION, ETC.: (Investigating Officer muset sign) I was standing at the front entrance of the Dallas Sheriff's Office a 505 Main Street, Dallas as the President's motorcade passed and was watching the remainder of the parade pass when I heard a retort and I immediately recognized it as the sound of a rifle. I started running around the corner where I knew the President's car should be and in a marter of a few seconds heard a second shot and then a third shot. along with other officers who had been standing near me, all started running and I rushed towards the park and saw people running towards the railroad yards beyond Elm Street and I ran over and jumbed a fence and a railroad worker stated to me that he believed the smoke from the bullets came from the vicinity of a stockade fence which surrounds the park area. A search was made of this vicinity and then information came to us that the shots came from the Texas School Book Depository Euilding at the corner of Elm and Houston. Officer Jack Faulkner and I, together with several other City officers went to the building and started checking the floors. We were searching the 6th floor when Deputy Sheriff Mooney who was also on the 6th floor, hollered that he had found the place where the assassin had fired from. I went over and saw the 3 expended shells laying by the window that faced onto Elm Street, along with a half-eaten piece of chicken that was laying on a cardboard carton. It appeared as if the assessin had piled up a bunch of boxes to hide him from the view of anyone who happened to come up on that floor and had arranged 3 other cartons of books next to the window as though to make a rifle rest area was roped off and guarded until Captain Will Fritz of Dallas Police Department Homicide Bureau carrived. It was about this same time that Deputy Sheriff Eugene Boone yelled that he had found the rifle which had been placed between some rows of cardboard boxes near the staircase which leads down to the 5th floor. The Dallas Crime Lab Officers took over the gun and I proceeded to help officers continue to search this building from the roof down and through the basement area and the contribution of the contract the contribution of the contr an interest of a second of the second of

(Investigating Officer meant sign) Nov 23, 1963 I was standing in front of the Sheriff's Office at 505 Main Street, Dallas, Texas, watching President Kennedy pass in the motorcade. I was watching the rest of the motorcade a few seconds after President Kenney passed where I was standing when I heard a rifle shot and a few seconds later a second and then a third shot. At the retort of the first shot, I started running around the corner and Officer Buddy Walthers and I ran across Houston Street and ran up the terrace on Elm Street andinto the railroad yards. We made a round through the railroad yards and I returned to Elm Street by the Turnpike sign at which time Officer Walthers told me that a bullet had struck the curb on the south side of Elm Street. I crossed to Elm with Deputy C. L. Limmie Lewis to search for a spot where a shell might have hit. About this time I heard a shrill whistle and I turned around and saw a white male running down the hill from the direction of the Texas School Book Depository Building and I saw what I think was a light colored Rambler Station wagon with luggage rack on top pull over to the curb and this subject who had come running down the hill get into this car. The man driving this station wagon was a dark complected white male. I tried to get across Elm street to stop the car and talk with subjects, but the traffic was so heavy I could not make it. I reported this incident at once to a secret service officer, whose name I do not know, then I left this area and went at once to the building and assisted in the search of the building. Later that afternoon, I heard that the City had a suspect in custody and I called and reported the information about the suspect running down the hill and getting into a car to Captain Fritz and was requested to com at once to City Hall. I went to the City Hall and identified the subject they had in custody as being the same person I saw running down this hill and get into the station wagon and leave the scene. ngenirangan dagang Canala. SHERIFF'S DEPARTMENT BUPPLEMENTARY INVESTIGATION REPORT ASSASSINATION OF PRESIDENT KENNEDY DEPUTY J. L. OXFORD, Dallas County Sheriff's Department. DETAILS OF OFFENSE, PROGRESS OF INVESTIGATION, ETC.: (Investigating Officer mount sign) On November 22, 1963, I was standing in front of the Courthouse along with Officers McCurley and Wiseman of the Sheriff's Department and the President's car had just gone by. We stood there until the rest of the cars had passed. While we were standing there, we heard what I thought to be shots. Officer: McCurley and myself ran across Houston Street on across Elm and down to the underpass. When we got there, every one was looking toward the railroad yards. We jumped the picket fence which runs along Elm Street and on over into the railroad yards. When we got over there, there was a man who told us that he had seen smoke up in the corner of the fence. We went on up to the corner of the fence to see what we could find, and searched the area thoroughly. After we searched this area, we separated. Then I, with a couple of Dallas Police Officers, began searching through the care on the parking lot. After we got through searching the cars, I stood guard watching the Texas School Book Depository Building and came back to the Sheriff's Office. Sheriff Decker then sent me along with Deputies Buddy Walthers, Harry Weatherford to a location at 2515 W. Fifth Street in Irving, Texas, to meet Dallas Police Officers to search a house there and talk to thepeople within. When we got at this address, Officer Adamcik of the DPD and myself went to the back of the house and Officers Weatherford, Walthers and Detective Rose of the DPD and another DPD officer went to the front door. These officers later let us in the back door. We talked to a Mrs. Oswald, the wife of the suspect and a Mrs. Ruth Paine and were in the process of getting them ready to bring to City Hall for statements when Michael Paine, husband of Ruth

We called Sheriff Decker and he told us to leave all of the evidence at the City Hall and report back to the Sheriff's Office. Upon arriving back at the Sheriff's Department we then had assignment of carrying witnesses to their homes who had made statements in the Sheriff office.

PRINK 114 BUP. INV. **COUNTY OF DALLAS** SHERIFF'S DEPARTMENT SUPPLEMENTARY INVESTIGATION REPORT ASSASSINATION OF PRESIDENT KENNEDY Deputy Sheriff Luke Mooney, Dallas County Sheriff's Department DETAILS OF OFFENSE, PROGRESS OF INVESTIGATION, STC.: (Seventigating Officer second eigh) Bata November 23 I was standing in front of the Sheriff's Office at 505 Main Street, Dallas, when President Kennedy and the motorcade passed by. Within a few seconds after he had passed me and the motorcade had turned the corner I heard a shot and I immediately started running towards the front of the motorcade and within seconds heard a second and a third shot. I started running across Houston Street and down across the laws to the triple underpass and to the terrace to the railroad yards. I searched, along with many other officers, this area, when Sheriff Bill Decker came up and told me and Officers Sam Webster and Billy Joe Victor to surround the Texas School Book Depository building. As we approached the two big steel wire gates to the loading dock at the back of the building on Elm Street side, we saw that the loading dock had locks on it and I then pulled the steel gates closed and requested of a citizen standing. there to see that no-one came out or went in until I could get a uniformed officer there, which he did. Officers Webster, Victory and myself took to the building. Officers Webster and Victory took the Stairs and I told them I would take the freight elevator. At the time I got on the elevator two women who work in the building got on the elevator, saying they wanted to go to their office. As the elevator started up, we went up one floor and the power to the elevator was cut off. I got out on the floor with these women and looked around in their office and I then took to the stairs and went to the 6th floor, and Officers Webster and Victory went on up to I was the only person on the 6th floor when I was scarching it and was reasonally sure there was no one else on this floor as I searched It and then criss-crossed it, seeing only stacks of cartons of books. I was at that time also checking for open windows and fire escapes. I found where someone had been using a skill saw in laying some flooring in one corner of this floor and I then went to the 7th floor and was assisting in searching it out and crawled into the attic opening and decided it was too dark and came down to order flash lights. I then went on back to the 6th floor and went direct to the far corner and then discovered a cubby hole Ä which had been constructed out of cartons which protected it from sight and found where someone had been in an area of perhaps 2 feet surrounded by ert and production de node de transporte de de participa de la production de la constancia de la constant de l

Inside this cubby hole affair was three more boxes so arranged as to provide what appeared to be a rest for a rifle. On one of these cartons was a half-eaten piece of chicken. The minute that I saw the expended shells on the floor, I hung my head out of the half opened window and signaled to Sheriff Bill Decker and Captain Will Fritz who were official the building and advised them to send up the Grime Leb Officers at once that I had located the area from which the shots had been fired. At this time, Officers Webster, Victory and McCurley came over to this spot and we guarded this spot until Crime Lab Officers got upstairs within a matter of a few minutes. We then turned this area over to Captain Fritz and his officers for processing. At this time I continued to search this 6th floor along with many other officers and within a few minutes, I heard Deputy Sheriff Eugene Boone holler out that he had found the rifle near the staircase between some rows of carcons. We continued to search the building for a suspect. ભાગમાં માત્રમાં પ્રાથમિક માત્રમાં કે માત્રમાં માત્રમાં આ માત્રમાં માત્રમા

ASSASSINATION OF PRESIDENT KENNEDY

John Wiseman, Deputy Sheriff, Dallas County Sheriff's Department.

DETAILS OF OFFENSE PROGRESS OF INVESTIGATION, ETC.:
(Investigating Officer meet eign)

Date Nov 23, 1963 19

I was standing in front of the Sheriff's Office at 505 Main Street, Dallas when the President passed and the car went around the corner and a few more cars had passed when I heard a shot and I knew something had happened. I ran at once to the corner of Houston and Main Street and out into the street when the second and third shots ran out. I ran on across Houston Street, then across the park to where a policeman was having trouble with his motorcycle and I saw a man laying on the grass. This man laying on the grass said the shots came from the building and he was pointing to the old Sexton Building. I talked to a Marilyn Sitzman, 202 S. Lancaster who said her boss, Abraham Zaprutes, RI 8 6071, had movies of the shooting. She said the shots came from that way and she pointed also to the old Sexton building. I ran at once to the Sexton Building and went in. asked some woman how many doors lead out of the building and she said A I left the building and found some DPD patrolmen and we came back to the building. I ran up the stairs and the patrolmen started trying to get more help to search the building. I went up the stairs to the 7th floor and started upinto the attic and noticed that the door to the roof was locked on the inside with a gate type hook latch. I stopped and started back down the mairs taking a quick look on each floor. I met more officers on the 2nd floor and then in a few minutes the place had maybe 50 officer In it. A better search was started floor by floor. About the time we got started on the 3th floor, Deputy Sheriff Lake Mooney found some spent hulls. An officer of the Dallas Police Department told us all to get on one side of the room and make one clean sweep of the entire floor to see if we could find the rifle. As we worked our way across the room which was filled with boxes, we got to the front of the stairway when Deputy
Sheriff Eugene Boone said, "here is the gum". It was about 4 feet in front
of me in the aisle in which I was working. Deputy Boone stayed at one end of the aisle where the gun was spotted and I stayed at the other en of the sisle so that nothing would be touched. Officer Day of the DPD Crime Lab came and took pictures of the gum in its hiding spot behind the boxes and then removed it from this spot. I then left the building and came back to the Sheriff's Office to talk with witnesses. A Mrs. Mary Moorman was in the office with a picture of the President getting shot.

standing at the front entrance of the Dallas Sheriff's Office when the motorcade with President Kennedy passed. I was watching the remainder of the President's party when within a few seconds I heard a retort and I immediately recognized it to be a rifle shot. started running west across Hopston Street and ran across Elm Street and up into the Railroad yards. At this time, it was not determined if, in fact, this first retort and 2 succedding retorts were of a rifle, however, in my own mind, I knew. Upon reaching the railroad yard and seeing other officers coming, I immediately went to the triple underpass on Elm street in an effort to locate possible marks left by stray bullets. While I was looking for possible marks, some unknown person stated to me that something had hit his face while he was parked on Main Street, the next lane south from Elm, as the traffic had been stopped for the parade. Upon examining the curb and pavement in this vicinity I found where a bullet had splattered on the top edge of the curb on Main Street which would place the direction of firing, high and behind the position the President's car was in when he was shot. Due to the fact that the projectile struck so near the underpass, it was, in my opinion, probably the last shot that was fired and had aparently went high and above the At about this time word was passed through the crowd that the President had been shot, as well as Governor Connelly. The only building that was likely to have a shot fixed from in this area was the Texas School Book Depository Bluilding on the northwest corner of Slm and Houston streets, which, by this time, was fast becoming surrounded by police officers. Upon returning to the front of this building, I met Allan Sweatt, Chief Criminal Deputy of the Dallas Sheriff's Office and immediately escorted 5 witnesses to the shooting which he turned over to me and took them to Sheriff Bill Decker's office and placed them in the custody of Deputy Harold Elkins until they could be questioned. At this time Deputy Allan Sweatt told me that a police officer had been killed in Oak Cliff area somewhere on Jefferson Street. I immediately left the office with Deputies J. F. Ramsey and Deputy Frank Vrla and ran Code 3 to Oak Cliff. I received information by radio that there was a suspect

It was then determined that the person inside the library was the wrong person. Upon getting back into our automobile, we started towards 10th Street, where the police officer had been killed in an effort to obtain further information and then received radio information from Deputy Sheriff Bill Courson, who was also in the Oak Cliff erea, that the suspect was in the balcony of the Texas Theatre on West Jefferson. We arrived at this location within a few seconds and were met by many other officers. Upon proceeding to the balcony of the theatre, I ordered the manager to turn on the house lights. Some unknown officer was holding a white man at the steps of the balcony and I proceeded on into the balcony. I looked over the balcony and saw a commotion in the center section, near the back, in the downstairs of the theatre, and I hollered to other officers, "He's downstairs"., and we all ran down the steps and to the area of the commotion. When I reached the area of commotion, it was hard to tell "Who had Who" as there were so many officers into a melee on the floor between the seats, but I saw Officer Carroll of the Dallas Police Department standing on the other side of the melee of people and I could see a gun on the floor with 2 or 3 hands on it and I reached into this melee and pulled up on the people and I believe it was Officer Carroll who reached down and got this gum. I am not positive it was Officer Carroll, but I believe it was, however, was such a swarm of officers at this time, it was hard to determine. 4 or 5 officers then began carrying subject towards the front of the theatre and I picked up my shotgun which I had laid down in some seats away from the welce and me, slong with several other officers who had shotguns, proceeded outside and held the crowds back so the officers could put the suspect in a car. The crowds were pushing and yelling, "Kill the SOB" and "let us kill the SOR". The only thing I ever heard the suspect say was, "It's all over". After they left the area with the suspect, me and the officers who were with me got in our car and reported back to Sheriff at his office. Sheriff Docker then ordered me, Merchen interestration in the first in the factor of the factor in the first interest of the first interest in the factor in the

(Investigating Officer meant sign) Deputy Harry Weatherford and Deputy J. L. Oxford to go to a house at 2515 West 5th Street in Irving, Texas and meet some officers from Capt. We arrived at location and met Detectives Rose and Will Frits' office. Adamcik from the Homicide division of the Dallas Police Department. Upon getting to this residence, we were met by a Mrs. Michael Payne and upon showing our exedentials and advising her who we were, she stated, "It's about the President being shot. We've been expecting it. Come on in". She informed us that the lady istanding beside her was Mrs. Oswald. Mrs. Payne went on to explain that Mrs. Oswald spoke only Russian, however, he would help interpret as she spoke both English and Russian. asking if suspect Oswald lived at this location, she advised that his wife and children lived there, but that Lee Oswald and his wife had been separated and he did not live there. Mrs. Payne gave us permission to search the house or do anything we wanted to and she also, through interpretation, gave us Mrs. Oswald's permission to do the same. Mrs. Payne then gave us a telephone number and stated that was the phone number of Lee Oswald, however, she advised she did not know an address where he was staying. At this time, I called Sheriff Decker and advised him of this and he criss-crossed this telephone number and gave us an address of 1026 North Beckley. He advised he would dispatch other officers to cover this address. About this time, Mr. Michael Payne came to this location. Hr. Payne works at Sell Heliocopter Plant. When toldkof the incident, Mr. Payne did not seem at all surprised, and merely stated that he had just taken off and had come home, when he had heard that the President had been shot. It was then learned that Hr. Payne had also been separated from lirs. Payne and that he has been living in Grand Prairie Mr. Payne gave no explanation for coming to this house in Irving, Texas. Upon searching this house we found stacks of hand bills concerning "Cuba for Freedom" advertising, seeking publicity and support for Cuba. Also found was a set of metal file cabinets containing records that appeared to be names and activities of Cuban sympathizers. All of this evidence was confiscated and turned over to Captain Fritz of the Dallas Police Department and Secret Service Officers at the City Hall. es declared || Inactive (not el ing mengina and mengengan ang mengengan ing ing mengengan pang pang pang pang pang ang ang ang ang ang ang ang

0 COUNTY OF DALLAS SHERIFF'S DEPARTMENT SUPPLEMENTARY INVESTIGATION REPORT ASSASSINATION OF PRESIDENT KENNEDY ALIAN SWEATT, Chief Criminal Deputy, Dallas County Sheriff's Office. DETAILS OF OFFENSE, PROGRESS OF INVESTIGATION, ETC.: (Investigating Officer must sign) Date Nov 23, 1963 At approximately 12:30 PM, Priday, November 22, 1963, I was standing with a group of Deputy Sheriff's about 30 feet east of the corner of Mouston and Main Street on Main Street. The President's caravan had just passed and about a minute or 2 I heard a shot and about 7 seconds later another shot and approximately 2 or 3 seconds later a third shot which sounded to me like a rifle and coming from the vicinity of Elm and Houston street. Several officers and myself from the Sheriff's department ren around the corner and towards Elm Street and Houston and were told that someone had shot at the President. man by name of "Hester" told Deputy John Wiseman that the shots had come from the old Sexton building. As we approached the building we were told the shots had come from the fence. Deputy Wiseman and a City Officer went to the front door of the building and I continued towards the railroad yards with Deputy Harry Weatherford and I stopped where I could see two sides of the building which was the west and south sides. Deputy Harry Weatherford went into the building through an open window on the 1st floor and Deputy Wiseman and the DPD officer went in the front door. On the far side of the building opposite me were some DPD officers. At that time I was told the President had been shot and that Governor Connally also had been shot. Officers started coming to the scene and approximately 15 deputy sheriff's and a number of DPD officers were at location. At that time, Inspector Sawyer of the DPD came to the front of the building and started taking names of witnesses and I suggested to Inspector Sawyer that I get two deputies and send the witnesses to the Sheriff's Office for statements instead of letting the witnesses leave the scene. Inspector Sawyer agreed with this plan and as witnesses were brought together they were taken directly across the street to the Sheriff's Office to wait until statements could be taken. While I was still at the front of the Building, Deputy Sheriff Luke Mooney stuck his head out of the 5th floor window and the Northeast corner of the Case declared | Inactive (not cleared) |

As officers started to question him, the crowd began to talk and passed the word ground that this was the individual that had shot the President. At that time, in the company of city officers , I sent 2 deputy sheriff. to take this man into custody and take him to the Sheriff's Office. Also Inspector Sawyer was informed of this and he sent a DPD detective to the Sheriff's Office to talk to the boy. At this time Sheriff Bill Decker arrived at the location where I was standing and I informed him as to what had been done up to that time. I then returned to the Sheriff's Office to co-ordinate the taking of statements and see that all persons that were in the office gave state-I separated certain witnesses whom seemed to have more facts than others and turned them over to Mrs. Resembly Allen of the Dallas Sheriff's Office, Mr. Wallace Heitman of the FBI and Mr. Forrest Sorrells of the Secret Service, and they took witnesses to the Polygraph room of the Sheriff's Office where they obtained statements. At approximately 1:30 FM, I received word that a Police Officer had been shot on Jefferson Street in Oak Cliff and the suspect was supposedly at large in that area. I immediately dispatched Officers Buddy Walthers. James Ramsey and Frank Vrla to the scene of the shooting. Officer Bill Courson of the Sheriff's Office joined with them in Oak Cliff. Apprehension was made of the suspect in the That Theatre and suspect was turned over to the Dallas Police Department. After this we correlated all statements, getting copies separated and in separate files. Sent a complete set of all statements taken to Capt. Fritz of the Dallas Police Department.  ∞ FORM 114 BUP, INV. COUNTY OF DALLAS SUPPLEMENTARY INVESTIGATION REPORT Officers SHOOTING OF PRESIDENT KENNEDY DETAILS OF OFFENSE, PROGRESS OF INVESTIGATION, ETC.: (Investigating Officer must sign) Decker: Just shortly before 12:30pm, Friday, November 22, 1963, I was standing in front of the Sheriff's Office on Main street and watched the President and his party drive by. Just a few seconds later, I heard the first shot, which I thought was a backfire, then the second shot and third shot rang out. everyone else did also. I ran I knew then that this was gun shots and as fast as I could to Elm Street just West everyone else did also. I ham so fast as I could to Elm Street just Wes of Houston and I heard a woman unknown to me say the President was shot, in the head and the shots came from the fence on the North side of Elm. I went at one behind the fence and searched also in the parking area.

Then came from word the shot was thought to have come from the Texas Book Depository Bldg., on the corner of Elm and Houston when I arrived there their wese bringing in hand lights to search out the top floor. I helped search the 5, 6 and 7th floors. I was on the floor when Officer Boone found the rifle behind some books. From here I went to the remaining floors and the attic for which we have hughe fire department lights to search the attic good. Then Officer McCurley and myself went to the top of the building and searched After the building was finished being searched, I returned to the Sheriff's office for further duties or orders. L C. The telephone number thore is FR 6-6766. On Saturday, Movember the 16th, 1963 a man whose name I do not know moved into the cottsge beaind 2503 Kilburn that he rented from Hrs. Rogers. He rented this cottage for I week. Another man has been to this cottage named D. H. McFadin. McFadin is about 20 or 27 years of age, dark hair, heavy build, 160 to 170 pounds. The other man I have not seen but one time ind I can not be sure of a good description on him. These two men either come in late at night or early in the mornings. One other out thing is that they always park their cars by backing them into the driveway. One of the cars is a two tone Pontiac about a 58 model and the other one is a foreign mande car and is black. They both bear Texas license plates. Last Friday night I had been over to my girl friend's house and had left there about llpm and went directly home. This took me about 20 minutes, as I went directly home. I then went to bed and sometime, I think it must have been early Saturday morning, I heard voices outside my window on the walk. One person was saying "well it's over". The other man said "Keep Quiet, that guy is probably still awake". I heard nothing else, and went on back to is probably still awake". I heard nothing else, and went on back to its probably still awake". I heard nothing else, and went on back to calibre shells a photograph taken at Guthries at Corinth and Industrial and another picture and a letter and an envelope. I picked up these things after thinking about what had happened and the conversation I had overheard and brought them to the Dallas County Sheriff's Office. Decrease and some

Today, I was standing on Houston Street, just below kthe window to Sheriff Bill Decker's office waiting for the parade. I was standing there when the President's car passed and just after they rounded the corner from Houston onto Elm Street, I heard a report and I knew at once that it was a high-powered rifle shot. I am a gih big game hunter and am familiar with the sound of hi powered rifles and I knew when I heard the retort that the shot had hit something. Within a faxw few seconds I heard another retort and knew it also had hit something and all I could see was the highly colored hat that Mrs. Kennedy had on. I couldn't see anything else. I was so sick that I went back to my office but after thinking it over, I came back as a citizen to offer my statement if it could help in any way. During the time I was standing there I did look up into the building where the Texas Book Depository is and saw some people, maybe 12 or 14, hanging out of windows, but I didn't see anyone with a gum.

When the sound of this shot came, it sounded to me like this shot came from away back or from within a building. I have heard this same sort of sound when a shot has come from within a cave, as I have been on many big game hunts.

I have been employed as janitor for the Texas School Book Depository for a little over 4 years. I do thepacking of the books as well as lock up at night. I came to work yesterday about 10:00 AM and I work until 7:00 PM. There has been a man that I know only as "Lee" who has been working there about 5 weeks. He fills the orders and I pack the orders. Yesterday, at 12:00 Noon, this fellow Lee says to me, "I'm going up to eat" and I went on to my lunch. I went to a front window on the first floor and ate my lunch and waited to see the President's parade go by. I saw the president pass and heard some shots and looked at the clock there and saw it was 12:25 PM. The shots seemed to me like they came from up inside the building. It was about 1:00 PM when the police made us vacate the building and as we were being checked out, I noticed that "Lee" wasn't with us and I mentioned to some of the employees there checking out that Lee wasn't there and somebody said, he must have already gone out. This man Lee has never talked much to amyone and hardly ever said anything to me. He kept pretty much to himself and hardly even answer when I would say "Goodmorning".

Yesterday, November 22, 1963, I was standing on the terrace of the small park on Elm Street to watch the President's motorcade. The President's car had just come up in front of me when I heard a shot and saw the President slump down in the car and he ard Mrs. Kennedy say, "Oh, no"., then a second shot and then I hit the ground as I realized these were shots. Then all of the people started running up the terrace away from the President's car and I got up and started running also, not realizing what had happened. In just a few moments the President's car sped off and everybody was just running around towards the railroad tracks and I knew that they had somebody trapped up there. I imagine I stayed there 15 or 20 minutes and then went over on Houston Street to where I had my truck parked. I had just pulled away from the curb and was headed toward the Houston street wladuct when an automobile that had 3 men in it pulled away from the curb in a burst of speed, passing me on the right side, which was very dangerous at that point, then got in front of me, and it seemed then as an afterthought, slowed in a big hurry in front of me as though realizing they would be conspicious in speeding. These three men were of slender build and seemed to be very excited in talking and motioning to each other. They went across the Houston Street Viaduct and I turned off at Marsalis Street exit and they continued on going towards Zangs Blvd. They were in a 1961 or 1962 Chevrolet sedan, maroon in color. I demant don't believe I could identify these men, but I do believe I could identify the automobile if I saw it again.

Last Tuesday evening at approximately 12:15 AM (Wednesday morning), a lady friend and myselfjxx we had made an acquaintance, of a man who invited us to his Motel for some after hours drinking (after 12 at night). I don't have his name but I have the license number of the car he was driving. I left my car at the parking loth near the Baker Motel, in Dallas, and we proceeded to his motel, a large kitchenette motel, as you go across the Houston street rizzkax viaduct it is the first motel on the right, it's a big white motel, not too modern, I don't know the name of it. After the three of us got to his motel, where he was previously registered, we had a few drinks in his room. He proceeded to enterxi tain us with a mandolin and seemed to be pretty good with it. We had been there about 30 minutes, as well as I remember. About this time this fellow began to make indecent remarks to the woman, to the effect that he wanted her to get in bed with him. We had all been drinking, I was fairly well polluted, more so than the others but still had my mental and reasoning powers. At this point I objected to his language and overtures and we became involved in an argument of words. Something came up to the effect that he mig must be a queer or something. Then he tells me to get the hell out of there and if there's not going to be a party get the hell out of the place, I believe is the way he said it; and as I turned to walk toward the door and told the voman with me let's go, he pulled a rifle out of the closet, and put a round into the chamber, pointed it at me, and said: "leave "... in so many words that's what it amounted to. As the woman and I got to the door he said, "I should make you strip and let me see your beautiful body." With that we walked out the door. He left the rifle inside the room and came outside and told us to get into the car and he would take us back to our car. When we got back to the parking lot where we had previously left success my car, after some more conversation to the effect that I didn't apprec

VOLUNTARY STATEMENT. SHEBIFF'S DEPARTMENT Page #2 · COUNTY OF DALLAS, TEXAS Before me, the undersigned authority, on this the -Jesse James Williams personally appeared... Deposes and sayso-Page #2. That was the last I saw of him. This man, to the best of my recollection, was approximately five foot eight inches tall, weighing approximately 175 pounds; with dark hair; normal complexion; approximately 30 years old. He didn't appear to be a learned person, that is too well educated, and did not appear to be ignorant by any means. The woman friend says that he had real wavy black hair and was in her opinion about five foot ten, and would weigh about 165, and about 30 years old. The best I can describe the rifle, it appeared to be well kept, a deer rifle or something, I don't know too much about guns; it I know it was not a .22; I know that it was a larger caliber gun, perhaps in my judgment a 303 caliber...that would be my guess what it would be. It had a chrome appearance about it somewhere. I heard him cock the pistol as he told us to sit still, and I got a very dim look at the gum, it seemed a long barrel like a police officer normally carries. We both agreed it was a light green car, a new model somewhat on the smaller aide, about like the appearance of a Chevy II. She says it was an extremely light green. The License Number on the car was IX--- CD 1583 Texas. After the tragic incidents that have occurred in Dallas this date, upon hearing about the killing of the police officer I thought about the incidents related above about the man with the rifle in the car, and for these reasons I decided to give the information contained herein to the proper authorities for whatever value it may have. mes Willia entrestin espalar inteant in exaministiate in des especialiste index in des in des in des index in desired in des

I looked down real quick Elm Street. along Houston Street. and rolled the film to take the next picture. I then ran down to the corner of Elm andHouston Streets, this being the southwest corner. I took another picture just as President Eennedy's car rounded the corner. He was just about all the way around the corner. I was standing back from the corner and had to take the pictures through some of the crowd. I ran on down Elm a little more and President Kennedy's car was starting to go down the hill to the triple underpass. I was running trying to keep the President's car in my view and was winding my film as I ran. was looking down at my camera to see the number of the film as I ran. I took another picture as the President's car was going down the hill on Elm Street. I started to wind my film again and I heard a loud noise. I thought that this noise was either a firecracker on a car had backfired. I looked up and it seemed like there was another loud noise in the matter of a few seconds. I looked down the street and I could see the President's car and another one and they looked like the cars were stopped. Then I saw a a flash of pink like someone standing up and then sitting back down in the car. Then I ran around so I could look over the back of a monument and I either saw the following then or when I was standing back down on the corner of Elm Street. I cannot remember exactly where I was when I saw the following: I heard at least two shots fixed and I saw what looked like a firecracker going off in the president's car. My assumption for this was because I saw fragments going up in the air. I also saw a man in either the President's car or the car behind his and someone down in one of those cars pulled out what looked like a rifle. I also remember seeing what looked like a mickel revolver in someone's hand in the President's car or somewhere immediately around his car. Then the President's car sped on under the underpass. Police and a lot of spectators started running up the hill on the opposite side of the street from me to a fence of wood. assumed that that was where the shot was fired from at that time. watching the crowd. Then I came around the monument over to kain Street. I walked down toward where the President's car had stopped. I saw a Police Officer and some men in plain clothes. I don't know who they were. These Police Officers and the men in plain clothes were digging around in the dirt as if they were looking for a bullet. I walked back around the monument over to Elm Street where they were digging in the dirt. I went on across the street and up the embankment to where the fence is located. By this time almost all of the people had left. There were quite a few people down on the street crowded around a motorcycle. I saw a group of men who looked like they might be officers and one of them turned out to be Deputy Sheriff Boone. I told him about the picture I had taken. Deputy Sheriff Boone contacted superiors and was told to bring me over to the Sheriff's Office. Deputy Sheriff Boone took my camera and asked me to wait. I waited in the Sheriff's Office and some time later, an hour or two, he brought my camera back and told me that as soon as they got through with the film and they were dry that they would give me the film. A little later he came in and gave me the negatives and told me that they were interested in a couple of pictures and implied that the negatives was all I was going to get back. To the best of my knowledge, this is all I know about this incident.

My name is Jean Newman, I live with my parents, my father's name is G. C. Kimbriel. I work at the Rheem Manufacturing Company.

I was standing right on this side of the Stemmons Freeway sign, about half-way between the sign and the edge of the building on the corner. I was by myself, there were other people around watching the motorcade. The motorcade had just passed me when I heard something that I thought was a firecracker at first, and the President had just passed me, because after he had just passed, there was a loud report, it just scared me, and I noticed that the President jumped, he sort of ducked his head down and I thought at the time that it probably scared him, too, just like it did me, because he flinched, like he jumped. I saw him put his elbows like this, with his hands on his chest.

By this time, the motorcade never did stop, and the President fell to his left and his wife jumped up on her knees, I believe it was, in the back of the car on her knees, I couldn't say that for sure. And I realized then it had been a shot. I looked in the car and she was on her knees, and he wasn't even visible in the car. I looked around then and everybedy was running every which way, I don't know why I didn't run, I just stood there and backed up and looked around to see if I could see anything, but I saw no one whatever with anything that resembled a gum or anything of that kind.

I just heard two shots. When it happened, I was just looking at the President and his wife, and when she jumped in the car, I had my vision focused on her, and I didn't see anything else, about the others in the front of the car.

The first impression I had was that the shots came from my right.

On November 22, 1963, I was driving a rented White Valiant automobile west on Elm Street and was proceeding to the overpass in a westerly direction and at a point about 45 or 50 feet east of the overhead signs of the right entrance road to the overpass, there was a truck parked on the right hand side of the road. The truck looked like it had 1 or 2 wheels up on the curb. The hood of the truck was open. On the drivers side of the truck, there were printed letters in black, oval shaped, which said, "Air Conditioning". This was a pickup truck and along the back side of the truck were what appeared to be tool boxes. The truck was a green Ford with a Texas license. I remember seeing the word "Ford" at the back of the truck.

A man was sitting under the wheel of the car and slouched over the wheel. This man had on a green jacket, was a white male and about his 40's and was heavy set. I did not see him too clearly. Another man was at the back of the truck and reached over the tailgate and took out from the truck what appeared to be a gun case. This case was about 8" wide at it's widest spot and tapered down to a width of about 4" or 5". It was brown in color. It had a handle and was about 31 to 4 feet long. The man who took this out of the truck then proceeded to walk away from the truck and as he did, the small end of the case caught in the grass or sidewalk and he reached down to free it. He then proceeded to walk across the grass and up the grassy hill which forms part of the overpass. This is the last I aw of this man.

I had been delayed because the truck which I described above was blocking my passage and I had to await until the lane to myleft cleared so I could go by the truck.

During the time that I was at this point and observed the above incident there were 3 policeman standing talking near a motorcycle on the bridge 'just west of me.

Just before Noon today, my friend John Stevens Rutter Lawrence, who works with me, and I and two other friends left the Texaco Building where we work going to the parade. We were walking down Commerce up to Main and Main to Akard andwhile we were walking up Akard towards Main Street we passed a man who was carrying a rifle in a gun case. I saw this man walking towards me, walking towards Commerce, and took particular attention to him because ofhis size. I am 6'5" and weigh 200 pounds. This man was very tall, approx 6'6" or 6'7" over 250 pounds, very thick and big through the chest, in his 30's, dirty blonde hair worn in a crew cut. Was wearing a grey colored business suit with white dress shirt, fair complexion. I remarked to my friend that there was a guy carrying a gum in all this crowd and made the remark that he was probably a secret service man. I could very easily identify this man if I ever saw him again. The gun case was holding a rifle because I could tell there was a gum in it as it was a combination leather and cloth gum case and without a gum, it would have been limp, but it was heavy and he was carrying it by the handle and the barrell of the gun was up at a 45 degree angle. It was beigh or tan leather and olive drab material.

We can place the time that we saw this man walking with the gum as I recall someone in the crowd asking for the time and they said it was 11:50A.M.

My husband, Arnold Rowland and I came to downtown Dallas today at approximately 12:10PM to see the President in the motorcade. We are both students at Adamson High School, but my husband has been ill and neither of us went to school today in order to see the President. We had taken a position at the side entrance of the Sheriff's Office on Houston Street and were standing there talking. We talked about security measures for the President and had talked about the recent affair with Mr. Stevenson. Arnold told me to look up at the building which was the Texas Book Depository at two adjoining open windows, that there was a man up there holding a rifle and he must be a secret service man. I looked up and Arnold told me he had moved back, but I didn't see anything because I am very nearsighted and I didn't have my glasses on. We didn't think anything more of this and in about 15 minutes the President passed where we were standing and turned left onto Elm Street and started down towards the unerpass when I heard a report and thought it was a backfire then in a few seconds another report sounded and in another few seconds the third report. We started running towards Elm Street and that is all I know.

I am a student at Edamson High School in Dallas, Texas. I am employed on weekends at the Pizza Inn located on West Davis Avenue in Dallas. At approxinately 12:10PM today, my wife Barbara and I arrived in downtown Dallas and took position to see the President's motorcade. We took position at the west entrance of the Sheriff's Office on Houston Street. We stood there for a time talking about various things and were talking about the security measures that were being made for the president's visit in view of the recent trouble when Mr. Adalai Stevenson had been a recent visitor to Dallas. It must have been 5 or 10 minutes later when we were just looking at the surroudding buildings when I looked up at the Texas Book Surpositiony building and noticed that the second floor from the top had two adjoining windows which were wide open, and upon looking I saw what I thought was a man standing back about 15 feet from the windows and was holding in his arms what appeared to be a hi powered rifle because it looked as though it had a scope on it. He appeared to be holding this at a parade rest sort of position. I mentioned this to my wife and merely made the remark that it must be the secret service men. This man appeared to be a white man and appeared to have a light colored shirt on, open at the neck. He appeared to be of slender build and appeared to have dark hair. In about 15 minutes President Kennedy passed the sport spot where we were standing and the motorcade had just turned west on Elm heading down the hill when I heard a noise which I thought to be a back fire. In fact some of the people around laughed and then in about 8 seconds I heard another report and in about 3 seconds a third report. My wife, who had ahold, of my hand, started running and dragging me across the street and I never did look up again at this window.

This statement is true and correct to the best of my knowledge and belief.

Mary and I were wanting to take some pictures of the President so we purposely tried to find a place that was open were no people was around and we had been standing half way down toward the underpass on him Street on the south side. We were the only people in that area and we were standing right at the curb. The Presidents car came around the corner and it was over on our side of the street. Just as Mary Moorman started to take a picture we were looking at the president and Jackie in the back seat and they looking at a little dog between them. Just as the president looked up toward us two shots rang out and I saw the President grab his chest and fall forward across Jackies lap and she fell across his back and said "My fodd he has been shot". There was an instant pause between the first two shots and the motor cade seemingly halted for an instant and three or four more shots rang out and the motor cade sped away. I thought I saw some men in plain clothes shooting back but everything was such a blur and Mary was pulling on my leg saying "Get down thery are shooting". I looked across the street and up the hill and saw a man running toward the monument and I started running over there. By the time I got up to the rail road tracks some policeman that I suppose were in the motor cade or near by had also arrived and was turning us back and as I came back down the hill Mr. Featherstone of the Times Herald had gotten to Mary and ask her for her picture she had taken of the President, and he brought us to the press room down at the Sheriffs office and ask to stay.

And just as he got just about in front of me, and waving to the crowd. And just as he got just about in front of me, and the turned and waved at the crowd on this side of the street, the right side; at this point I heard what sounded like one shot, and I saw his left side. At this point, I saw Mrs. Kennedy stand up and pull his head over in her lap, and then lay down over him as if to shield him. And the two men in the front seat, I don't know who they were, looked back, and just about the time they looked back, the second shot was fired. At this point, I looked behind me, to see whether it was a fireworks display or something. And then I saw a lot of people running for cover, behind the embankment there back up on the grass. And at this point, I turned back around and saw the motorcade beginning to speed up, and everybody was laying down but the driver, of course. If didn't notice where it went. I was with my husband and three year old child, we were standing at the corner where the sign says "Stemmons Freeway" to the right.

As the President was coming through, I heard this first shot, and the President fell to his left. The President's wife immediately stood over him, and she pulled him up, and lay him down in the seat, and she stood up over him in the car. The President was standing and waving and smiling at the people when the shot happened.

And then there was a second shot that I heard, after the President's wife had pulled him down in the seat. It came from what I thought was behind us and I looked but I couldn't see anything.

The two men in the front of the car stood up, and then when the second shot was fired, they all fell down and the car took off just like that. After the motorcade went by, after that, I jumped up and headed for my car, we were parked up on the freeway. A police patrolman came up where we were, and we told him what we saw.

Age 24 Phone No. ER 9-0950 (Employed by the Dallas County Auditor's Office.)

Today, November 22nd, 1963, I was with Robert E. (Bob) Edwards, we were standing on the corner of Kim and Houston, on the southwest corner; about thirty seconds before the motorcade came by, Bob turned to me and said that there was a man on the fifth floor of the Texas. School Book Depository Building, at the window there, and I looked up and saw the man. I looked up at the window and I noticed that he seemed to be laying down there or in a funny position anyway, because all I could see was his head. Timoticed that he was light-headed and that he had on an open-neck shirt, and that was before the motorcade rounded the corner. I noticed his complexion seemed to be clear, and that he was in his twenty's, appeared to be in his twenty's.

I turned away and by that time the motorcade rounded the corner. And then I heard what I thought was three shots, and the motorcade was about where that Stemmons Freeway sign is there.

I do remember one peculair thing happened just at the time I saw the men up there. There was a girl walked in the Texas School Book Depository Building, a rather tall girl, and looked to me like she might be an employee in that building. She was walking in while everyone else had been coming out.

Deposes and says. Today at about 12:45 pm I was standing in a group of people on Elm Street near the west end of the concrete standard when the President's car turned left off Houston Street onto Elm Street. We were standing at the edge of the curb looking at the car as it was coming toward us and all of a sudden there was a noise, apparently gunshot. The President jumped up in his seat, and it looked like what I thought was a firecracker had went off and I thought he had realized it. It was just like an explosion and he was standing up. By this time he was directly in front of us and I was looking directly at him when he was hit in the side of the head. Then he fell back and Governor Connally was holding his middle section. Then we fell down on the grass as it beined that we were in direct path of fire. It looked like Mrs. Kennedy jumped on top of the President. He kinda fell back and it looked like she was holding him. Then the car sped away and everybody in that area had run upon top of that little mound. I thought the shot had come from the garden directly behind me, that was on an elevation from where I was as I was right on the curb. I do not recall looking toward the Texas School Book Depository. I looked back in the vacinity of the garden.

for lunch and I had dinner at the cafete:	ria at Record and Kain Street and
had come back to see the President of the	e United States. I was gitting
on a laice or wall near the intersection	of Houston Street and Elm Street
near the red light pole. I was facing i	n a northerly direction looking
not only at Rim street but I could see t	he larke red brick building
across the street from where I was sitti	ng. I take this building across
the street to be about 7 stories anyway	in the east end of the building
and the second row of windows from the t	on I saw a man in this window.
T had seen him before the President's ca	r arrived. He was just sitting
un there looking down apparantly waiting	for the same thing I was to see
the President. I did not notice anythin	g unusual about this man e me
was a white man in his early 30's, slend	er, nice looking, slender and
would watch about 165 to 175 pounds. He	had on light colored clothing
but definately not a suit. I proceeded	to watch the President's car
. as it turned left at the corner where I	was and about 50 yards from
the intersection of Elm and mouston and	to a point I would say the
President's back was in line with the la	st window I have previously
described I heard what I thought was a b	ack fire. It run in my mind
that it might be someone throwing firecr	ackers out the window of the
red brick building and I looked up at th	e building. I then saw this man
I have described in the window and he wa	s taking aim with a high powered
wifte T could see all of the barrel of	the gun. I do not know if it
had a scope on it or not. I was looking	at the man in this window at
the time of the last ernlosion. Then th	is man let the gun down to his
side and stepped down out of sight. He	did not seem to be in any hurry.
I could see this man from about his belt	nn. There was nothing unusual
about him at all in appearance. I belie	we that I could identify this man
if I ever saw him again.

ASSASSINATION OF PRESIDENT Deputy Sheriff

> ETAILS OF OFFENSE, PROGRESS OF INVESTIGATION, ETC. tigating Officer ment sign)

1963, at about 12:30 PM. I was standing in November 22. front of the Sheriff's Office watching the Presidential Motorcade. President's car had passed my location a couple of minutes when I heard loud report which I thought was a railroad torpedo, as it sounded as if it came from the railroad yard. Thinking, this was a heck of a time for one to go oir, then I heard a Znd report which had more of an echo report and thought to myself, that this was a rifle and I started towards the corner when I heard the 3rd report. By this time I was running towards the railroad yards where the sound seemed to come from. with Deputy Allan Sweatt and was searching the tracks and cars, etc. then someone said the shots came from above. I then went to the Elm Street loading gates of the Texas School Book Depository where I met Deputies Relph Welters, Luke Mooney, Eugene Boone and Sam Webster. W all went into the building and proceeded to the first floor by way of the stairs. I jumped out the first window onto the roof of the adjoining covered loading dock. I then searched the roof for any expended shell cases, as at this time we were trying to find just where the shots came from and if they were fired from the west side of the building they possibly could have fallen onto this roof. Finding no shells, I then climbed into the window and started searching the first floor, with an unknown DPD detective. Then learning other officers were searching this first floor, I went to the top floor to start down with each floor. Looking over the 7th floor to no avail, I came down to the 6th floor and while searching this floor, Deputy Luke Mooney said, "here are some shells". I went over to where he was and saw 3 expended rifle shells, a s sack on the floor and a partially eaten piece of chicken on top of one of the cartons which was used as sort of a barracade, advising Mooney to preserve the scene for the Crime Lab. I then proceeded to look for the rifle as it was possible it was still on this floor. After several minutes passed. I was about 10 feet from Deputy Boone when he found the rifle with a light he was using. . This also was preserved for the Crime Lab.

(Investigating Officer mass) sign) I then left the building and went to the Sheriff's Office to contact Sheriff Decker and report our findings. While we were standing in the hall talking, Sheriff Decker gave me a piece of paper with an address of 2515 W. 5th Street, Irving, He said to get Deputies E. R. Buddy Walthers and U.L. Oxford and go see what we could find at this location as this man that shot the officer in Oak Cliff by the name of Oswald supposedly live at this location and further that we were to meet some of Capt. Fritz's officers at this address. Upon arrival at the address, we saw a DPD plain clothes car about 1/2 block from the address. In this car was Detectives Rose and Adamoik and another officer whom I did not know. We went to the door and knocked and a Mrs. Payne came to the door. I showed her my ID and told her we were from the Sheriff's Office and she invited us in. She also asked if it pertained to the shooting and we told her yes. She introduced us to Mrs Marina Oswald and advised us that she could talk only a very few words in English, that she was Russian, and that she would interpret anything we wanted to know. We told Mrs. Payne we wanted to search her home and she told us to go shead, that she understood. I stayed with Mrs. Oswald and Mrs. Payne while the rest of the men searched the house. They found some literature on Cuban Freedom affairs and some small files and a blanket which looked tohave been wrapped around a rifle. While standing near the phone bar, I saw a black telephone address book which I picked up and thrumbed through, finding in the 'O's" the name of Lee Osweld. Texas School Book Depository and the telephone number. Then emother phone number, which I believe was written in pencil. I aasked what this number was, pointing to this pencil number, and Mrs. Payne said that is the phone where Lee was living. I gave this number to Deputy Buddy Walthers and told him to call the Sheriff and advise him of our findings. That this was all fitting in together with the Assassination of President Rennedy. We then loaded all of our findings into our car and Brought them and સારાજ તેમના પ્રાથમ કારતામ લેવામાં રામલા લેવામાં મહેલા મામલા સામાં મામલા લેવામાં પ્રાથમ કરે છે. જે તેમના જે કરો The state of the second of the 🗢

COUNTY OF DALLAS SHERIFF'S DEPARTMENT SUPPLEMENTARY INVESTIGATION REPORT PRESIDENT JOHN F. KENNEDY ASSASS INATION DETAILS OF OFFENSE, PROGRESS OF INVESTIGATION, ETC:
(Investigating Officer meant pign) standing on Main Street in front of the Criminal Courts Building the morning of November 22, 1963, and observed the Presidential procession pass by. Just after it had turned the corner and a very short time later I heard what was shots, 3 in number. around the corner and directly across the street across the Dealy Plaza to the Elm street side of the triple underpass. As we were running across the street, we could see the presidential car pulling away under the underpass and we continued on to the immediate area. to talk to people standing there as there were a number of women who were hysterical. We could not get any information except that the President had been shot. Several of the other officers in the group ran on into the freight yards. After we failed to get any coherent informa-tion from people there, we began searching the area and possible 5 or 6 minutes after the time we reached the area, we went from there to Texas School Book Depository and 7 of us went inside. We were the first ones into the building from the front door and several of us searched the first floor and moved on up into the building. I took the back stairs and went first to the 5th floor. I did not see anything on this floor and continued on up to the 6th floor and by that time officers Mooney and Grandstaff were on the 6th floor. They told me that Officers Webster and Victory had gone to the 7th floor and I went on up there. As I started up there, Webster came to the head of the stairs and said they needed lights. I left the building and came to the Sheriff's Office On the way to the office, I picked up Deputy to get the needed lights. L. C. Smith and then met Deputy Eugene Boone whom I had previously sent to the jail with a young boy to get film out of a camera. together went to the jail and got some lights and returned to the Texas School Book Depository building. We took 4 lights to the 7th floor and we stopped on the 6th floor where Officers Mooney and Grandstaff were searching the floor. The other boys took the remaining lights t the 7th floor. They had, by this time, ascertained that there was no one on this floor, so we started a thorough search of the 6th floor 200 ... addin dagen de benader Gari batt bil be fabt iam battat en dagente afrædtig blan beit från bet 1984 och 1984 er 1984 er 1984 er 1987 e The state of the s

	sport. Mooney then leaned out the window and called down to Sheriff

>;}- }-	Bk this time there were numerous City officers gathering on the streets.
	About 3 minutes after Deputy Mooney had called out, Chief Lumpkin and
	several officers from the police department came to the 6th floor

	Capt. Will Fritz and several of his officers came onto this floor.
1 :	There were about 8 to 10 officers on this floor by this time and we had
. <u></u> .	already started a systamatic search of the floor, looking for the
- 1 [weapon. About 2 minutes after Capt. Fritz had arrived on the floor,
	Deputy Eugene Boone called out that he had found the rifle showed

1	- had been in the building came and told us that Sheriff Decker had given
	orders to let the City take over the investigation and for the Deputies
~ !	to return to the Sheriff's Office, which we did. We then brought the
	lights back and put them up and by this time the Sheriff's Office was

COUNTY OF DALLAS SHERIFF'S DEPARTMENT **SUPPLEMENTARY INVESTIGATION REPORT** Information From Mr. Lee Bowers (Union Terminal Co. DA-1-1909/ RI 8 4698) DETAILS OF OFFENSE, PROGRESS OF INVESTIGATION, ETC.:
(Investigating Officer must size) I talked to the above subject who was on duty for the Union Terminal Co., in a tower which is located about 200 yards west Texas Book Depository Building: said that he heard what sounded like three shots from a rifle. He said that about ten minutes before that he saw a car driving around behind the building. It was a 1961 chev. impala, white, occupied by one white male. He said it had a Goldwater sticker on the back window. He said about five manit minutes later he saw another car in the same area. It was also occupied by one white male. It was a 1957 ford, kai black, gold stripe down the side. It had an out of state license, white with black in numerals, 6 digits. The occupant had what looked to be a telephone in his hand. He said that he didn't know if either of these cars stopped or parked in the area. COUNTY OF DALLAS SHERIFF'S DEPARTMENT BUPPLEMENTARY INVESTIGATION REPORT Essesination Of President Kennedy (Report of activities of Deputy Sheriff Barold E DETAILS OF OFFENSE, PROGRESS OF INVESTIGATION, ETC: (Investigating Officer most sign) day of this offence I was standing in front of the sheriff's effice at 505 Main St., Which is a block south and just around the corner from the building from which the shets were fired.

Just a few seconds after the president's ear had passed my location I heard a shot ring out, a couple of seconds elapsed and then two more shots ring out. I immediately sen to the area from which it sounded like . 4. the shots had been fired. This is an area between the railroads and the Texas School Book Depository which is east of the railroads. There were several other efficers in this area and we secured it from the public, after searching this area for about ten minutes and not finding any evidence, I went to a tower that everlooks the railroad yards and any evidence, I went to a tower that everlooks the railroad yards and also has a vantage point over the area around the school book building. I talked to an employee there and he gave me the descriptions of two automobiles that he had seen in the area justs few minutes earlier, when I went back outside I learned from the other officers that it had been established that the shots were fired from the school book building. I went to the building and found that several efficers were inside and athera were gathering outside. I then went back to the street and along ethers were gathering outside. I then went back to the street and mixed with the crouds trying to get people who were witnesses to the tragedy. After I had brought several people to the effice I went to TV Station WFAA and got two witnesses who had been taken there by some reporter. A while later a City of Dallas policeman came to our office with three prisoners who he had arrested on the railroad yards. I took these three to the city jail and turned then over to Capts Fritz. I then same back to the sheriff's office where I remained the rest of the day talking to witnesses and taking statements.
