because it is proved to
be wrong and unjust
but in a conflict between
these two systems the triumph
of both systems will
not be long delayed
The system which will
not prevail is the one which
is not the best
idea about the relative
systems but one which
would be because of the
{being the conflict of these
ideas would have brought
a system embodying the
best features of the two
systems as we see them
today but absolutely superior
to both
without any regard to
the creation of a new type of
man or man-made
service and being administered
by man as well as machine
and taking into effect
the necessary and making
the necessary changes for the
