Garrison Says CIA ^{A9} Hides JFK's Killers

NEW ORLEANS, May 23 (AP) — District Attorney Jim Garrison said today that guerrilla fighters shooting in a crossfire from three points assassinated President John F. Kennedy. His eight-month investigation also shows, Garrison said in an interview, that the CIA is concealing the whereabouts of the assassins.

The killers—anti-Castro adventurers—were helped by an unarmed fellow conspirator who caused a ruckus in Dealey Plaza, Garrison said.

"It's quite obvious that the CIA knew who they were," Garrison said, "because they had previously been CIA employees."

He said Lee Harvey Oswald, the man named by the Warren Commission as the lone assassin, was not the one who killed President Kennedy.
