## Justice Dept. Admits Shaw Not Probed A:

Clay Shaw, a figure in a New orleans district attorney's Orleans attorney's President investigation of Kennedy's assassination, has not peen investigated by the FBI, the Justice Department an-nounced yesterday in admitting

an error on Shaw. On March 2, Atty. Gen. Ram-sey Clark told newsmen here. that Shaw was involved in an FBI investigation of the assassi-nation in 1963. At that time, Clark indicated that the FBI had found nothing to connect Shaw; with the assassination.

Yesterday, the department issued a statement which, while continuing to insist that Shaw had no connection with the President's murder, conceded that Clark had been wrong in saying that Shaw figured in the FBI probe in New Orleans.

The department's statement was prompted by a request for "clarification" of Clark's statement to newsmen by a lawyer who is representing Shaw. Shaw, a New Orleans busi-

nessman, has been indicted on charges of conspiracy to murder President Kennedy. He has not yet been tried.

## **Probe Criticized**

The charge against him is one result of District Atty. Jim Garrison's highly publicized investigation of the assassination.

Garrison has refused to accept the Warren Commission's conclusion that Lee Harvey Oswald acted alone in killing President Kennedy in Dallas Nov. 22, 1963.

The Garrison investigation has been discredited, publicly and been discreduted, publicly and privately, and sharply criticized by high-ranking federal officials. There was nothing in yester-flay's statement by the Justice Department to give any noticea-ble support to the Garrison investigation of Chaw

investigation of Shaw. The department said the request for clarification of the supposed investigation of Shaw by the FBI was made by Ed-F. Wegmann a New ward Orleans lawyer.
