

Letters to The Times

JK Assassination

The letters in The Times (May 18) commenting on the assassination article are evidence of something that I have believed for a long time.

Liberals were and are psychologically incapable of accepting the fact that President Kennedy was killed by a Marxist. This shatters their whole image of the world.

He had to have been killed by right-wingers. He had to have been killed by the FBI. He had to have been killed by the CIA. Out of this need grew the myths and fantasies of conspiracy theories.

First we had the guilt of Dallas theory. Then the guilt of the whole nation theory because of its dedication to violence. After that came the weaving together of coincidence and half-truths and outright lies that comprise the dozens of conspiracy theories that have been concocted to prove one thing . . . Lee Oswald, the Marxist, was innocent, thus vindicating liberalism.
