U.S. Government Financed Oswald

WASHINGTON, D.C. — The reason behind Chief Justice Earl Warren's blunt statement — after hearing testimony by Mrs. Marina Oswald, widow of Lee Harvey Oswald — that important parts of his special commission's findings would not be revealed "in our lifetime," is that evidence indicates that the assassination of President Kennedy was engineered in Moscow and wittingly or unwittingly financed by U.S. government funds.

The Warren Commission has uncovered startling evidence that Oswald made contacts with U.S. Intelligence and security officials before and after his return from Moscow in June 1962. One commission, admits three contacts with Oswald following his return from Russia.

Commission investigators have also gathered information showing that Oswald received government money and special help in obtaining passports from a high-level State Department official, who handles certain secret operations of the Central Intelligence Agency that involve his department.

Other circumstantial evidence in the commission's files links Oswald to the KGB, the Soviet's secret police and assassin organization — making him a double-agent with loyalties to the communists.

Because of the circumstantial nature of much of the evidence and the impact its revelations would have on U.S.-Soviet relations, Warren has indicated to other commission members that it would be unwise to release these details during "our lifetime." Whether Warren will be able to make his decision stick is open to question.

The three hottest documents in the FBI file on the assassination of President Kennedy are:

• A report from the Mexican government giving the make, year, model and serial number of an automobile which Lee Harvey Oswald drove into Mexico last September 26. Since Oswald didn't own a car, it is believed he may have borrowed it from someone who perhaps was a co-conspirator. This information is considered so hot that minutes after the Mexican embassy in Washington delivered the report to the U.S. State Department, FBI agents appeared at the State Department and demanded that it be turned over to them. State Department officials, surprised by this blunt demand, surrendered the report without making photostatic copies for other government branches, as is customary.

• A report by two ballistics experts who were at the scene of the murder of President Kennedy and who have submitted an opinion that the shooting of the President and of Texas Governor John Connally was the work of at least three people firing from different levels and directions.

• A list of people who knew about the planned Presidential route in Dallas since last September. It was in September that Oswald first tried to get a job along that route. The Presidential route was made known to the Dallas police in September.

Note: Both the Mexican government and the U.S. State Department were told by the FBI not to disclose any information concerning the Kennedy assassination, but Chief Justice Earl Warren, who heads up the Presidential commission to investigate the murder, is demanding direct reports from the Mexican government and all Federal agencies concerned.

PIPE'S GIPS!

A noted Italian writer and a former member of the Italian equivalent to our FBI has been making his own independent investigation of the Kennedy assassination.

His views are at variance with "reports" given to the American public.

According to his investigation, Jack Ruby knew Lee Harvey Oswald and the Dallas policeman, J. D. Tippit; that Oswald was supposed to have been killed in the warehouse where he worked, and because he got out unharmed, the timetable was upset and became a threat to the plotter's security.

That Police Officer Tippit was not assigned to the police beat

on which he discovered Oswald. That Tippit's own beat was actually on the other side of Dallas;

That Oswald had no fear when he was called over to the patrol car, but panicked when Tippit got out of his car with a drawn gun, because Oswald allegedly knew he had been double crossed.

That Oswald requested security in transfer from the police lockup to the city jail;

That the gun scope was put on the gun at Klein's store in Chicago and sold as a complete unit;

That the scope was not put on by a Fort Worth gunsmith as claimed by the police authorities.

The writer further claims that meetings were held in January,

February and March by a pro-Castro group from Cuba, who posed as dissatisfied Cubans; ...

... That the bitter rivalry between the FBI and the U.S. secret service was well known to the Dallas police, and as a consequence of this knowledge they did not give either organization any pre-pre-arranged cooperation.

The Italian informer is convinced by his investigation that the assassination of President Kennedy was the result of well planned and well executed plot and that the roots are very deep.

He is planning to attend the trial of Jack Ruby because he is convinced that every attempt will be made to stack the cards in Ruby's favor, it was reported.

**COMPANY PICKS HOW IT STARTED
SUBURB GIRL
TO BE QUEEN**

A card addressed "Charley, Western Electric, Hawthorne Works, Chicago, Ill.," was the beginning of the "Hello Charley" tradition. It happened back in the late '20s. The postcard, intended for the late Charles Drucker of the company's benefit service organization, was from a retiree who couldn't remember Drucker's last name.

The incomplete address on the card prompted many laughs. Finally it arrived at Charley Drucker's desk, but by that time employes were calling one another "Charley Western." Time and human nature later changed the term to "Hello Charley," which has become a familiar greeting among Western Electric employes throuout the nation.

Miss Carol Ann Tight, 18, a key punch operator, was crowned the Hello Charley girl at Western Electric's Hawthorne works, Cicero, yesterday.

Miss Tight, of 215 Fourth st., Downers Grove, was elected in an annual contest in which more than 19,000 employes voted. As the company's "vacation queen," her picture will appear on a sticker distributed to all employes from plants across the nation during the July vacation period.

Miss Tight received her crown from last year's Hello Charley girl, Nancy Ann Blazek Jelen.

When a "vacation queen" was chosen in 1930, she was identified simply as the Hello Charley Girl—and the identification has stuck.

The winner then reigns over company functions and acts as official hostess.
