

1936

Lyndall's files include following
for me ~~to~~ make me 2 copies
of outgoings

The Xerox copies of the diary
were examined for latent prints
and the results were as follows:

- 1 latent palmprint developed on back of Qc589
- 2 latent fingerprints were developed on back of Qc594
- 1 latent fingerprint was developed on back of Qc585
- 1 latent fingerprint was developed on back of Qc596
- 1 latent fingerprint was developed on back of Qc598
- 2 latent palmprints were developed on back of Qc599
- 1 latent palmprint was developed on back of Qc600

The latent fingerprint on Qc594
is identical with the left thumbprint
of William Franklin Alexander
Army Service Number O-42214.

The remaining latent fingerprints
are not identical with the fingerprints
of Alexander or the fingerprints
of Henry Menasco Wade
Army Service Number 8395434.

No palm prints are available
here for Alexander or Wade.

On the basis of the information
furnished ~~by~~ the ~~two~~ fingerprints or
palmprints were located for
H. H. "Snooky" Davis, Jr. or Hugh Agnew with

(Lab will dispose of evid)

- 1 latent fingerprint developed Qc 606
3 latent fingerprints developed Qc 607
2 latent palmprints and 4 latent fingerprints developed Qc 611
6 latent fingerprints developed Qc 612
1 latent palmprint and 2 latent fingerprints developed Qc 615
1 latent fingerprint developed Qc 617
