

of killing him but for entering with
& depriving people of the County of seeing
that would suffer for what he did to
not wonderful leaders, his family & people
of this County. He just that this house
his deal. Don't believe the future in this
County too much for its getting that can
be compared to the time he took
trying to defend him & denying his guilt
is only showing up some facts, because
the facts are there of his guilt but trying
to deny it only makes you look guilty. One
thing I also say I do feel sorry for
his help but, because I do feel he is
innocent since he did not associate
with you all and that sticking
fingers in for the rest of your guilty
things I hope the FBI would let you
out. I am sure that they will find out
all the facts & if you all are guilty
too then sure they will find & see that
justice is done. If I was in your shoes
I would crawl under a rock where I
could I would show my face, I'm sure
I'd want to make a statement in that
no good lawyer defense ^{the only one of them} but the whole lot

Marguerite Oswald you all should be run
out of this County, you do not deserve the
right to live here
And can you possibly have enough to say
"my son" didn't have protection or what it was
"Big" either way it would be about the same
And in some way one felt the same way. If
I knew you it would be a year ago and
keep my mouth shut. After what that drinking home
of a son of yours did it try to deny he was
of my kin to me. Do you really think that
dirty lousy snake deserved by protection
the few people in this County who feel that
that dirty lousy snake was only one reason for it, you
know that drinking dirty lousy snake is easy
enough out, you should have had to suffer for
what he did to this wonderful man who all
loved as much as could his dirty lousy
life and conscience with this great man who
he took as much the policemen who were
a nice citizen with a wife and three nice
children. And can you try to defend such a
lousy snake you know you're guilty of this County
about your own request for you if you kept
your mouth shut. Why only did what you would
felt like being except it was the way you
you would have had to suffer and would have
suffered for what he did. I feel the same as not
every body. That dirty snake should be punished not
