In connection with our interviews of Marina Oswald, wife of Lee Harvey Oswald, we have been exhibiting to her copies of photographs which were furnished the Bureau by the Dallas police as a result of its search of Oswald's residence at 1026 Beckley Street, Dallas, and at the same residence, Irving, Texas.

During our interview with Marina Oswald on 1/31/64 she identified three photographs which she felt depicted a residence possibly that of General Edwin Walker in Dallas. Marina Oswald stated she never saw Walker's house and could not recognize it from photographs. However, she stated Lee Oswald had told her he had taken a photograph of the Walker house and therefore she felt the instant three photographs of a residence might be those of Walker's home.

Two Dallas Agents, through visual observation, determined that two of the photographs identified by Marina Oswald as possibly being those of the Walker residence are actually being photographs of Walker's home.

Copies of all photographs displayed to Marina Oswald by Dallas on 1/31/64 along with a memorandum setting forth identifying data furnished by Marina Oswald concerning each picture shown her were furnished the President's Commission by Inspector Malley, Sunday, February 2, 1964.

ACTION:

Attached is a letter to the Commission confirming delivery by Inspector Malley to the Commission the photographs and the identifying memoranda described above.
