I, Lambert L. Anderson, having been duly sworn, make the following free and voluntary statement to Assistant Director Harold N. Bassett and Special Agent Glenn L. Young, whom I know to be employees of the Federal Bureau of Investigation.

I have been advised of an allegation that Lee Harvey Oswald visited the Dallas Office prior to the assassination of President John F. Kennedy, that he left a note which was threatening in nature, and that the note was subsequently destroyed.

I can unequivocally state that at no time did I have any knowledge of nor did I hear any rumor or discussion concerning a visit to the Dallas Office or note left in the Dallas Office by Lee Harvey Oswald prior to the assassination of President Kennedy. The first I learned of this was when I read of the matter in the newspapers sometime during the beginning of September, 1975. I would like to state that prior to the assassination the case involving Lee Harvey Oswald was not assigned to me in connection with my duties as a Supervisor at Federal Bureau of Investigation Headquarters. I did have the case concerning the organization known as the Fair Play For Cuba Committee and as such became aware of Oswald's activities in distributing literature in New Orleans, allegedly in behalf of this organization. Following the assassination I was one of those

Agents assigned to the Oswald investigation as it pertained to his background,  
his motives, associates and security ramifications.

I have read and initialled the above statement consisting of this and  
one other page and it is true and correct to the best of my knowledge.
