Mr. J. Edgar Hoover
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Hoover:

As a Citizen I am deeply concerned lest the real truth behind the death of President Kennedy may never be learned - Mr. Hoover, please, please don't let the Dallas police (who seemed to know Mr. Rubenstien too well) or anyone prevent you from doing everything you can to learn if this assassination was part of a conspiracy. I believe if this affair is brushed aside as just an emotional act of a man disturbed by the Presidents' death, and the case closed, many people will lose faith in our law enforcement agencies - As for myself, I will be terribly frightened, If we allow our own President to be killed and not make every effort to discover - or uncover - what was behind it - what hope - for us?

I have Confidence in you, Please help us.

Sincerely,

/s/ Eloise Sanderford
(Mrs. M. V. Sanderford)
