COMMUNIST PARTY, USA
INTERNAL SECURITY - C

ASSASSINATION OF PRESIDENT KENNEDY
11/25/63
11/25/63
ADVISED BY TELEPHONE OFFICE

On the afternoon of 11/25/63, you advised me the Bureau had
just received information from J. Lawrence, in-civil Security Bureau
written to the effect that in New York City the Communist Party
is planning to distribute leaflets charging the FBI with
and that the FBI had not properly handled civil rights investigations.

In line with your instructions, I called our New York Office
and informed them of the information. I told them to check
immediately concerning whether such leaflets are being distributed and,
if so, by whom.

At approximately 4:15 p.m., 11/25/63, ASAC Honey called and
advised that New York reports have been on the streets and in the suburbs
of New York City of the kind described by Bureauwire are being
distributed at this time.

I told Honey to keep alert to this situation and to keep the
Bureau advised promptly of any developments.
