Mr. J. Edgar Hoover, Chief  
F.B.I.  
Washington, D. C.

Dear Mr. Hoover:

These days are all ones of great sorrow to us, these days in which we mourn for our slain president.

I have great faith in your organization, in fact, no greater faith have I in any other way, than to say, like all Americans, your crew will find out all there is to know about Oswald etc.

But what disturbs me is the controlled liberal press that we have. I have already heard from a friend who listens to <sup>the</sup> V. of America and he's just sick about the broadcasts going out. He tells me the man is described alright; the sticker is that insinuations are made that he's one that can be put in the right wing class, and yet he's a communist by his own admission etc.

I can only hope for one thing: I hope you will be allowed, for the good of our land, to disclose the complete background etc on Oswald, so that all the world may know if, and what kind of a man it is that killed our president.

I am glad you have no plan to retire.

Sincerely,

/s/

Sylvan R. Thompson
