ASSASSINATION OF PRESIDENT JOHN F. KENNEDY

Original filed in: 66-1731-242

Pages 21839-21845. Congressman Goodell, (R) New York, spoke concerning the assassination of President Kennedy. He pointed out that it was his hope that Congress would not start running in all directions with various committees investigating this tragic event. Mr. Goodell stated "I hope that we will have a joint committee established at the highest level which can, with prestige and with dignity, explore all the facts, implications, and significance of those dreadful occurrences and report openly to the country and to the world. - - - This is a matter that deserves attention at the very highest level of our Government." Mr. Goodell included several newspaper articles and editorials with his remarks. Included in this material was an article written by Jim G. Lucas entitled "FBI Wants To Know—Where Did Oswald Get Money To Live On?" which was published in the Washington Daily News on November 27, 1963.

In the original of a memorandum captioned and dated as above, the Congressional Record for 11-29-63 was reviewed and pertinent items were marked for the Director's attention. This form has been prepared in order that portions of a copy of the original memorandum may be clipped, mounted, and placed in appropriate Bureau case or subject matter files.
