NOTE: Regan directed letter to Mrs. Kennedy indicating she had heard a Mr. Paul Bethel on the Barry Gray Program, Station WJCA, New York, at which time he indicated that his own personal feeling was that assassination of President Kennedy was plot of communists and he found it strange in light of so much evidence concerning Oswald's leftist and communist activities that this angle apparently was being played down. He further stated he had received information from source; he considers most reliable and trustworthy that Jack Ruby had been in Cuba 3 times since US broke relations with Cuba, and was willing to pass along his information to anyone interested. Bethel reportedly is associated with a Citizen's Committee for a Free Cuba in Washington, D. C. Bufiles being reviewed concerning Bethel and above organization following which consideration will be given to having Bethel interviewed for specifics. Bufiles contain no information identifiable with MC Regan.
