NOTE:

Our files show that identical information was originally received from the Los Angeles Office on 11-22-63. This matter was run out and additional information was received that an associate of Browns by the name of Walter Sobolewski, who was at that time Browns roommate, 1841 Lamont Street, had contacted us and described that three armed men had come to his apartment on 11-27-63, threatening that they were going to shoot President Johnson if he followed through on former President Kennedy's program and also "get" Sobolewski and his roommate, if they didn't stop fighting communism. A letter was also received from Brown which was postmarked November 28, 1963, and was merely a follow up of the phone call previously made at 3 AM, the same day to the Bureau. All available information concerning Brown and his roommate has been previously furnished to Secret Service. SA Homer R. Hauer, WFO, was telephonically advised at 3:30PM, 4-22-64 to discontinue investigation, and that copy of teletype will be furnished by mail. No further action is necessary in this matter.
