It is suggested, however, that the New York Office further identify BISCAGLIA and consider an interview of him to determine if he did appear in Dallas on Wednesday, 11/20/63; his length of stay in Dallas; the purpose of such visit, and obtain from him any information he may have pertaining to the assassination, especially with respect to whether he knew LEE HARVEY OSWALD.

The New York Office should thereafter submit to Dallas 25 copies of an appropriate insert reflecting the results of interview with ROBERT H. BAKER, together with any investigation conducted in accordance with the above request.
