Office of the Attorney General

Dear Sir:

The nature of my business is highly confidential and the information I wish to give involves personalities in the New York Metropolitan area. It could well be important and it also could be a "dead end street".

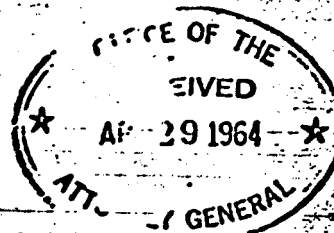

In any event, I am willing to discuss it with someone on a high level closely related to the Attorney General.

I thank you for your interest and I shall wait to hear from you.

Very truly yours,

Robert H. Baker
