On 5-25-64, Mr. Wesley James Liebeler of the President's Commission called and in the absence of Mr. Malley, who is in Dallas, Texas, the call was taken by Supervisor H. A. Schutz, Jr. Mr. Liebeler indicated that he was interested in two areas of investigation and made reference to the report of SA Belanger at Tampa dated 12-10-63, page four, wherein a tape recording of a T.V. interview with an individual by the name of Penaz had been reviewed and reported. According to information in the report a cartoon had appeared in the newspaper "Revolucion" depicting damage done in Cuba by hurricane Flora. A caricature of the United States was depicted laughing at the damage. Another cartoon showed a coffin containing President Kennedy with Castro standing above laughing. Mr. Liebeler requested that investigation be conducted to actually determine whether such a cartoon did appear in this paper and if so forward a copy to the commission.

Mr. Liebeler made reference to the report of SA Gemberling at Dallas dated 4-15-64, on pages 527 and 540. The information contained therein related to two transcripts of a debate participated in by Oswald in August, 1963. One was transcribed by radio station WDSU, New Orleans, and the second by an individual named Bill Stuckey. Mr. Liebeler indicated that the commission desired that we obtain copies of these tapes for inclusion in the permanent files of the commission and for comparison with the transcripts. He requested that in obtaining these tapes the Bureau maintain appropriate chain of evidence as to their authenticity.
