The letterhead memorandum is self-explanatory.
No examination of the cartridges by the FBI Laboratory is requested in absence of any indicated recovery of spent cartridges in the attempt to assassinate General WALKER.

requested in absence of any indicated recovery of spent cartridges in the attempt to assassinate General WALKER.

It is noted in the intermiew of CLYDE J. WATTS,
Attorney and counsel for General WALKER, that Mr. LIEBLER (Phonetic), an attorney for the Warren Commission, had asked that Mr. WATTS turn these shells over to the FBI for delivery to the Warren Commission.

In connection with the delivery of these shells to the Warren Commission, as has been requested, the letterhead memorandum reporting their source is supplied for clarification.
