SUBJECT: ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY
NOVEMBER 22, 1963, DALLAS, TEXAS
MISCELLANEOUS-INFORMATION CONCERNING

Re Bureau airtel, dated 7/28/64.

Enclosed herewith are 25 copies of an investigative insert for the Dallas Office and one copy of the same investigative insert for the Bureau, reflecting interview with EDWARD H. TWEDDELL, 495 Larkin Avenue, Akron, Ohio, who was specifically interviewed concerning his statement that more than one person was involved in the assassination of President JOHN F. KENNEDY.

TWEDDELL, a white, male, 67 years of age, 5'10", 190 pounds, stocky build, white hair, brown eyes, ruddy complexion, currently employed as a solicitor by an Akron home improvement company, is the stepgrandfather of SA [redacted] currently assigned to the Houston Office. TWEDDELL stated he married SA [redacted] grandmother in 1953. Due to "family problems", which he did not discuss, he is no longer a close associate of SA [redacted] parents. He spoke highly of Director J. EDGAR HOOVER and the FBI. In his own words, he said he is not "a radical or a nut", but a loyal American who has communicated with every President from FRANKLIN D. ROOSEVELT to President LYNDON B. JOHNSON.

He said that it is his custom to communicate with public officials on many current problems which he deems of public interest. He then went into a detailed discussion of his theory of the assassination of the late President JOHN F. KENNEDY, his statements paralleling the communication he had directed to Director J. EDGAR HOOVER on July 15, 1964.
