September 1966

Dear Sir,

I have been doing some investigation concerning the tragic assassination of President John F. Kennedy. I have come up with a very interesting and complete theory which I believe I can prove.

If you are interested in this vital matter, which I am certain you are, please get in touch with me in the very near future.

REC 53 62-109060-4213

RECORDED

12 SEP 28 1966

Have you ever considered the murder an inside job, meaning it was a part of the administration who arranged in detail every killing.
