NOTE:

Birmingham made reference to a news clipping pertaining to a tape recording made in November, 1963, between two unidentified persons in which references are made to a man by the name of Brown who reportedly wished to assassinate Negro leader Martin Luther King, and who was linked with the Birmingham bombing.

Bureau files reveal that a former racial informant of the Miami Office, was visited by J. A. Hiltner of Quitman, Georgia, on 11/9/63. At that time the conversation was tape recorded by the Miami, Florida, Police Department. All aspects of this matter were previously checked out and appropriate dissemination of information contained in the recording was made.
