Honorable Marvin Watson
Special Assistant to the President
The White House
Washington, D. C.

Dear Mr. Watson:

I have previously furnished you information received concerning the investigation being conducted by New Orleans District Attorney James C. Garrison concerning the assassination of the late President John Fitzgerald Kennedy. In the memorandum on this matter dated March 3, 1967, which was enclosed with my letter to you of the same date, mention was made of a Martin Layton (phonetic) who, allegedly, was the "trigger man" in a plot to assassinate President Kennedy.

Although our files contain no information identifiable with this individual, Special Agents of this Bureau interviewed a Layton Patrick Martens in the course of the assassination investigation and our files do contain some information about him. Because of the similarity of names, especially when "Martin Layton" is reversed, there is attached a memorandum which sets forth information on Layton Patrick Martens.
