**ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY
NOVEMBER 22, 1963
DALLAS, TEXAS**

In accordance with your request of March 7, 1967, this is to advise that while most of the results of our investigation in New Orleans, Louisiana, of the assassination of the late President Kennedy is available to the public, there are some documents that are not available to the public.

The data being withheld from the public is in accordance with guidelines approved by Mr. McGeorge Bundy, former Special Assistant to the President. The guidelines approved by Mr. Bundy were furnished to this Bureau as an attachment to former Attorney General Nicholas deB. Katzenbach's letter to this Bureau dated July 8, 1965, entitled "Public disclosure of Warren Commission records."

62-109060

NOTE: The vast majority of our investigation in New Orleans is contained in reports which have been made available to the public. However, some data was held back from the public since it fell within the guidelines approved by McGeorge Bundy. According to the guidelines, the type of data to be held back from the public were as follows: Statutory requirements which prohibit public disclosure; respect of security classification of the data being reported; data detrimental to the administration and enforcement of laws and regulations of the U. S.; information which would reveal identity of confidential sources; information consisting of rumor, gossip and the like, the disclosure of which would harm or embarrass innocent persons. By letter to the Attorney General dated August 10, 1965, we stated that in our view the final decision as to the public disclosure of material being held back from the public rests with the Department of Justice.
