**By ROSS YOCKEY**  
Dist. Atty. Jim Garrison says he will seek a Senate investigation of what he calls a Central Intelligence Agency cover-up of President John

F. Kennedy's assassination.  
In an exclusive interview last night, Garrison told the States-Item that the CIA and the Federal Bureau of Investigation cooperated in concealing the facts behind the

assassination from the Warren Commission and from the American public. He said he will take steps this week to convince the Senate of the need for a full-scale investigation.

States-Item Friday, which revealed that his investigation centers around evidence of CIA involvement in Kennedy's death.

**THE DISTRICT ATTORNEY** said he has learned the truth behind the assassination and charged that the CIA has known all along that the Warren Commission's report is untrue in its conclusion that Kennedy was shot by Lee Harvey Oswald, acting alone.

He asserted that the intelligence agencies duped the commission by flooding its members with a gush of irrelevant information in order to obscure the truth.

Garrison said Oswald was not a Communist, as he was depicted by the Warren Commission, but in actuality a revolutionary working closely with anti-Castro organizations in New Orleans and Dallas, using his Communist cover as a mask for his real activities.

Garrison did not say last night how he would convince the Congress that an investigation is necessary, but it is thought that he may seek the aid of Sen. Russell B. Long.

**LONG AND GARRISON** are personal and political friends and the senator reportedly was instrumental in prompting Garrison's investigation into the New Orleans angle of the assassination.

Stating his opinions strongly and publicly for the first time, the district attorney charged, "The federal agents who concealed vital knowledge regarding President Kennedy's assassination, and their superiors who are now engaged in a dedicated effort to discredit and obstruct the gathering of evidence in the case, are guilty of being accessories after the fact to one of the cruelest murders in our history."

The DA said, "The recent States-Item article concerning Lee Oswald in New Orleans, his association with anti-Castro Cubans and the role of United States intelligence agencies in New Orleans in 1963 is essentially correct."

"Oswald's Fair Play for Cuba actions in New Orleans constituted a transparent sham. These actions were designed as a cover, while he was in fact engaged in no Communist activity whatsoever."

"HIS ASSOCIATIONS here were exclusively—not merely frequently, but exclusively—with persons whose political orientation was anti-Castro, all of whom were plainly connected with federal agencies here."

Garrison said Oswald's associates in New Orleans were "involved in a variety of revolutionary activities, ranging from planning guerrilla strikes to procuring ammunition for smuggling into Cuba."

These activities, he charged, were carried out with the full knowledge and consent of the CIA and the FBI.

"Federal agents were in close proximity to and well aware of these activities," said Garrison.

"They would positively—not just probably—know of Oswald's total involvement with these individuals engaged in anti-Castro planning and operations."

Garrison has subpoenaed one FBI agent and another federal agent for questioning before the grand jury Wednesday.

**ORDERED TO** report were Regis Kennedy, the FBI man who questioned former airline pilot David W. Ferrie for the Warren Commission, and Warren DeBrueys, 4827 Michoud Blvd., whose name appears frequently on records of the assassination investigation in the National Archives.

Agents of the CIA are seldom identified as such by the federal government.

Garrison expressed fear last night that the two men might be told by higher government officials not to answer the subpoenas. He has had trouble in recent weeks trying to secure witnesses for questioning before the jury and has indicated he believes there has been direct government interference.

The district attorney said federal agents in New Orleans "would necessarily know the fact that Oswald was employing a cover in his Fair Play for Cuba activities, and would know well the true nature of his role here."

"THEY WOULD know well that he was hired to engage in this sham activity well before he came to New Orleans."

"And yet they remained silent while evidence was presented to the Warren Commission, to the American people and to the world that this man was an individual engaged in meaningless lonesome activities—that he was a free-lance Communist who had no connections, no case agents or companions."

"These federal agents," Garrison continued, "would know well that Oswald was engaged in a clandestine operation with revolutionary anti-Castro Cubans, and that he was shepherded everywhere he went in New Orleans by an individual known to have been in the employ of the Central Intelligence Agency."

"AND THEY WOULD know well that when Lee Oswald was in Dealey Plaza in Dallas, he was not alone."

The Warren Commission alleged that Oswald, acting alone, shot Kennedy from a window of the Texas School Book Depository building, which stands in Dealey Plaza near a grassy knoll.

In spite of their detailed knowledge of Oswald and his associates in New Orleans, Garrison continued, "these agents have remained silent while none of Oswald's significant contacts were called before the Warren Commission."

"They remained silent while the men on the Warren Commission were presented an endless parade of trivia, from Oswald's grades in grammar school to a study of his hairs."

Missing from the material presented to the Commission, asserted the DA, was any mention of significant evidence relating to "active Cuban revolutionaries and to federal agents who had close contact with them."

**MOST REPORTS OF** federal investigators which touch on Cuban activity "continue to be classified as secret and remain hidden from the American people."

"The plain fact," said Garrison, "is that our federal intelligence agencies are implacably determined to do whatever is necessary to block any further inquiry into the facts of the assassination."

"The arrogant, totalitarian efforts of these federal agencies to obstruct the discovery

of the truth is a matter which I intend to bring ~~to light~~ when we have finished doing the job they should have done."

HE MAINTAINED, however, that "It is my considered judgment that the members of the Warren Commission did not know that significant evidence was being withheld from them. I am sure that they did not know, for example, that a picture of Oswald at the Cuban embassy in Mexico City was kept hidden from them because his Cuban companion was a man who had worked for the CIA."

Garrison concluded the interview with a plea for each citizen to ask his representatives in Washington for an investigation of the matter.

He added, "No government agency, no matter how powerful, is more important than the truth . . . Whether these agencies are aware of it or not, John F. Kennedy was president of all of us, and the truth about his death belongs to all of us."
