Dear Honorable Clark,

While reading the stress and interest I
bring upon the enclosed article.

Atty. Gen. Clark says High Court Case
Not Looking Police Action.

Also, recently I heard you were a
program, over the Armed Forces Radio
Station, on the Kennedy assassination.

As a hobby of mine, I like to re-
search all sorts of subjects. Note the
attached following references per-
taining to JFK assassination. I
don't know - if there is something
in the reference list, what can
shed anything new but - just
in case.

The things that has me fuzzled
are the mysterious deaths of people
surrounding the assassinations
I am no expert - as what I am forwarded
to you is in the intent of helping,
in clarifying his assassinations, so
the FBI can be satisfied once
in all.
