Dear Mr. Hoover:

Even though you are not an elected official, I thought I would write you simply as a citizen of the United States and ask you why so much material uncovered during your investigation of the Kennedy assassination is being withheld until everyone involved is deceased.

Though much of what you have found is undoubtedly unpleasant, it does seem that if there was someone beside Oswald involved, it would be more efficient to get on his trail before he dies peacefully in his bed.

The recent discovery of alleged associations between Ruby and Oswald, and the connection of Oswald with a group of people (largely Cuban or homosexual) in New Orleans is making the nation curious, and time will not heal this wound.

Surely your role on the state of history ought to be to aid Mr. Garrison, quietly and discreetly, talk with him man to man and follow his leads to the end. If you were to do this, you would reflect credit on your country.

Awaiting a reply, and thanking you for your time -
