believed by LOWERY to be JIM GARRISON's investigators. LIVELY told LOWERY that LOWERY had done so much good work and had gotten nothing out of it since his testimony for the government that the possibility existed he could work out some kind of a deal with these other people which might result in LOWERY's getting something out of it which LOWERY presumed would be financial. LOWERY recalled that EARL LIVELY during the past two or three years introduced him on one occasion to HERBERT PHILBRICK, but nothing ever came of that association. LOWERY stated he has no desire to do anything that would embarrass the Bureau. He is somewhat interested in knowing what proposition might be offered to him by GARRISON's investigators. LOWERY said that if interviewed he does not intend to go to Louisiana and would not allow himself to be subjected to any of the unique methods reportedly utilized by GARRISON, such as hypnotism, use of truth serum and similar things.

It was pointed out to LOWERY that whatever action he took would be of his own volition and that no action whatever should be taken with any idea of rendering assistance to the FBI in this matter.

As of 9:00 A.M., 7/11/67, LOWERY had received no further contact from LIVELY or anyone else concerning this matter. LOWERY stated he would keep the Dallas Office advised concerning developments.

Referenced airtel reflects previous information in Dallas files concerning EARL LIVELY, JR. No active investigation has been conducted by the Dallas Office re LIVELY. It is noted that some investigation was conducted by the Office of Special Investigations (OSI) in 1962 concerning LIVELY. Subsequent to submission of referenced airtel on 1/13/64, LIVELY has continued to present to be a subscriber to "The Worker", an East Coast communist newspaper. LIVELY's last known address was 8604 Baltimore Drive, Dallas, Texas, with a previous address of 5005-B Cedar Springs, Dallas.

The Bureau and New Orleans will be advised concerning any further information received from LOWERY pertaining to this matter.
