NOTE:

By letter dated 12/23/63, Mr. Oscar Krutzner, Grand Junction, Colorado, brother of the correspondent, directed a letter to Chief Justice Earl Warren. Briefly, he indicated he had information which may or may not contribute to the over-all assassination investigation and was seeking no publicity. When interviewed by our Agent, he had no information of value except a leaflet which was put out by the "Republican Action Fund" asking for \$10 for the Kennedy Retirement Fund. During this interview Krutzner said he had visited his brother Otto Krutzner. Both men are members of opposite political parties which caused a serious argument, and the correspondent was quoted as saying "You watch and see, someone is going to get that man (Kennedy) as he is careless in observing security precautions and people are fed up and disgusted with the Kennedy administration." As a result, Mr. Otto Krutzner was interviewed on 1/15/64, concerning his activities on the day of the assassination. He was in Dallas at the time attending two conventions. He had no information of value to offer and further advised that he never made any strong statements against President Kennedy even though he was a "rabid Republican." This information was furnished to the President's Commission and appears in the report of SA Robert P. Gemberling dated 6/15/64 at Dallas, Texas, page 672, captioned "Assassination of President John Fitzgerald Kennedy, November 22, 1963, Dallas, Texas," Bureau file 62-109060, Serial 3083, Part 3. This was but another of the nebulous-type leads that were thoroughly run out during the assassination inquiries.
