*Assassination of
President John F. Kennedy*

Gentlemen:

It happened to be in Dallas attending two conventions at the time President Kennedy was assassinated. Your records will quickly show that this is a fact.

Since that occurrence, I have talked with many trade people who were in Dallas for the same conventions. I have discussed with several of them the fact that I was investigated by the F. B. I. regarding the assassination, and to my surprise, I have found none of them who have been investigated.

I feel that I have been singled out for an investigation, and therefore feel that I should know the reason for this action. If the nature of this information is such that it may be supplied to me; I would be very grateful.

Sincerely yours,

Otto Krutzner
